When In America - Do As Americans do

A bit of tear gas and a few hickory sticks applied to the same place that they: own policemen do at home, would easily reduce the inclination of off-shore laborers to riot, strike, and generally create a nuisance of themselves, we believe.

All may read of roddin'-chair money (unemployment pay), free groceries, complete medical and hospital care for illegitimate children before, during and after birth. Now the President proposes to pay a part of the house rent.

Great too is made of sit-downs, lie-ins, marches and general "hell raisin'" by groups too lazy to work and to make constructive efforts for themselves.

If you were a Jamaican, or a chronically dissatisfied worker or unemployed, what would you do, just for the fun of it?

Yes, we know, you'd "Do as the Americans Do," just raise a bit of sand!

Who is to blame? Sure, you and I, and the folks that encourage that sort of thing, and TOLERATE it!

Remember the Umbrella at Munich; the theory behind the "police action" in Korea. Think of the vacillating policy in Viet Nam.

Well, just think it won't hurt, and it might do some good!

AMBASSADOR GERSON AVNER

Israel has reclaimed lowlands in preparation for their use in agricultural production, and a true representative of those people, and their historical accomplishments towards a homeland for the announced purpose of studying Glades Agriculture Gershon Avner is visiting the Glades.

Possible adoption of methods here is anticipated, for after receiving the Keys to the City from Mayor LeBron Williams, the Ambassador will be conducted by his host, Sam Senter, through the Glades Sugar House and vegetable farms of the community.

The Ambassador's career was indicated when, as a native of Berlin, and an immigrant to Palestine, he received an Honors Degree from England; Oxford, and served as President of the Oxford Union during his senior year.

Assignments included advisor

to the reparation delegation in their agreement with Germany at the Hague, Charge D'Affaires in Hungary and Bulgaria in the Israeli embassy of London, and as Head of the American Division, of his own country's Foreign Ministry.

Teenage Gershon Avner, while in school in Haifa, became active in the Haganah, the Jewish defense force. While serving as officer for the foreign press in Jerusalem, he was severely wounded when the Arabs exploded bombs in the courtyard of his office.

Mr. Sam Senter will entertain the Ambassador and his Lady at the Holiday Inn with a dinner and reception during his visit here, which will begin on Tuesday, March 16th.

Canal Hazard

Rep. Roberts To introduce Bill For \$5 Million Remedial Works

"I will introduce a bill providing for not less than five million dollars earmarked to be spent on traffic protection along hazardous canals when the Legislature convenes April 8th," stated Emmett S. Roberts, Glades representative, following a recommendation of the Florida State Road Department on canal traffic safety.

"Immediate remedial action on safeguarding traffic from

canals adjacent to roads in the Southeast Florida area will be recommended to the Road Board at a March 17 meeting, at those critical locations where there have been frequent collisions and that one or more of all of the preventive measures should be installed at once," he continued. Roberts returned Saturday from Tallahassee following a meeting of the Safety Committee of the Legislative Council. "The preventive measures," Roberts explained, "are guard rails, fill barriers or plantings." From these critical locations where first attention will be given, the program will expand as finances are available.

Merchants To Meet Thursday, Mar. 11

The Merchants' Association of Belle Glade will meet Thursday, 8:30 P. M. in the City Hall upstairs and Charles Royal, President, urges all members to present.

Downtown parking of concern to all merchants will be under discussion. This will be the last meeting before Easter, and it is hoped the parking will be ready for Easter shoppers.

Roberts said that the money is the serious problem. On March 17 the District State Road Board will meet at Ft. Lauderdale at 3:30 to hear Palm Beach County's request for money for roads. "We lose very little out of the road dis-

Bud Weaver Gets Commission Support For Two Glades Recreational Areas

County Commissioners this week agreed to join with the municipality of South Bay in the development of a new recreational area in that community.

Representatives of South Bay asked that the county construct and maintain a road from U. S. 27 across the Lake Okechobee

levee to a parking area. Also that the county design and construct a toilet building in the area.

The Commission agreed to aid in the development and authorized Commissioner E. W. "Bud" Weaver to work out details for financing the work. The Commission also instructed its engineering department to make an overall plan for the park project.

In another action concerning recreational facilities in the Glades, the commission, at the suggestion of Commissioner Weaver, adopted a resolution asking the State II Board to turn over site of 56.2 acres of land on the Miami canal for recreational purposes.

Sugar In Canal;

Trucker Uninjured

A truck, which was loaded with 10 tons of raw sugar, valued at \$1,200 was forced off SR 80 East of Belle Glade Tuesday, but the driver, Jose Moralejo, 37, of Miami, escaped injury.

FHP Trooper George Emerson reported Moralejo said his truck loaded with sugar for Florida Sugar Corp. Mill, was forced off the highway by an eastbound car. The soft shoulder of the road gave way and the truck careened into the canal. Moralejo escaped through a cab window with only a minor cut on his left hand.

Local Bankers

Will Attend Convention

W. W. Mikell and E. B. McDaniel, Jr., of the Bank of Belle Glade, E. B. Lively of Florida National Bank, Rupert Webb and J. V. Moon of the Bank of Pahokee will be among the 1200 bankers who will attend the annual convention of the Florida Bankers Association, which will be held at the Ritz-Carlton Hotel in Miami from March 17-19.

The four-day meeting which begins March 17 at the Ritz-Carlton Hotel will be highlighted by top speakers from banking and other fields.

New officers for the coming year will be installed at the banquet on Saturday evening.

March 20 Deadline For Car Tags

The Tax Collector's office at Glades Courthouse will be open through noon this Saturday to give late purchasers additional hours to buy their car tags. Mrs. Edwina Young announced.

March 20 is the deadline for purchasing auto licenses. Tags may also be purchased at a Sub-Office downtown, 224 S.W. 1st Avenue (opposite Hollingsworth's Shoe Store) from Mrs. Barbara Collins who has been appointed to handle sales.

The law specifically indicates 35 gallon containers - not empty barrels of 55 gallon capacity, and it's definitely illegal according to ordinances to place garbage anywhere else.

Red Cross Drive Organization Under George Young Chairman

"No section of the County, and I may say the State, is more obligated to the Red Cross for years of instant and effective help when it has been needed than is the Glades," says Luther Jones, long-time associate with the PB County Chapter of the American Red Cross.

"Many are the Service Men, at home here, in camps scattered throughout the world, on ships at sea, or in the air, who have had occasion to know the immediate and substantial aid to themselves and to members of their families, than Service personnel from the Glades."

"It behooves us, therefore, to bring the Glades annual contribution to a level of more substantial politeness and appreciation," the former Marine said.

George Young, has accepted the Chairmanship and is thankful that many old Drive Workers are again volunteering.

"I find the reception most encouraging," says the Chairman, "and I am sure that when the Drive date comes around we will deliver in a real Glades fashion to this most worthy cause."

Among those who have volunteered for the RED CROSS DRIVE are the Mesdames Sam Knight, Terry Miller, J. R. Faulk, Jane Evans, Joy Payne, S. B. Fuller, Tom Fox, P. L. Harris, Sue Bailey, Mrs. Sam Crissman, Mrs. Halley Vickery, and Gene Cross.

For the business solicitation, Harold Zumpf, Howard Payne, former Chairman, Joe Kahn and Curtis Slade.

Mr. Enrique Tomeu has volunteered to supervise the solicitation among our Latin American residents. A partial crew has already volunteered to work with Mr. Tomeu as solicitors.

Several checks from Cuban expatriates have been received for the credit of this continuing.

THE HERALD will announce weekly the progress of the organization and details concerning the DRIVE.

With the blessing of the cloth, or segments of it, Secretary of Labor Wirtz's pigheaded exercise of assumed legal privilege leads him to a demonstration of THEORETICAL AND IMPRACTICAL IDEALISM in the "Do-Gooder" or Great Society vein.

Mr. Wirtz's efforts stem from lack of "proper information" according to Senator Holland, a distrustful man who make reports to him, and encourage them from representatives of the National Council of Churches, a Catholic prelate, and from certain segments of Organized Labor.

Mr. George Meany's public statement, as a leader.

Mrs. Keesler

Speaks To Lions

Former Belle Glade resident Mrs. Ruth Keesler of West Palm Beach spoke on her visit to the International Girl Scout Convention in Mexico at the Lion's Club Wednesday. She gave a report of Patricia Regan's visit to Brazil at the Juliet Lowe World Friendship Program in 1964.

Mrs. Keesler is a Palm-Glades Girl Scout Volunteer Trainer. She was one of the two representatives from the United States to visit "Our Cabana" at the Girl Scout International Conference held last fall.

"Three million Girl Scouts in the United States are celebrating the fifteenth anniversary of the Girl Scouts of the U. S. A. this week and I am happy to be a part of this great organization," Mrs. Keesler concluded in her Lion's address.

"Tell The Judge"

Says The Inspector

"Although we have had very cooperative action on the part of business houses concerning the ordinance governing garbage storage and disposal," says City Inspector John Manis, "but there are a few who seem to dally too much in the correction of the violations. We are going to attempt to settle these questions by pointing out the law, what the city will accept towards attempts to conform, but, if this doesn't get results, we will let the law breathe its own life."

"Tell it to the judge," as much as we want to do otherwise."

The law specifically indicates 35 gallon containers - not empty barrels of 55 gallon capacity, and it's definitely illegal according to ordinances to place garbage anywhere else.

More Help Needed!

Community Responds To Needs Of Family Victims Of Tragic Fire

Mr. and Mrs. Andrew Molla joined by Mrs. Flo Collins have spearheaded a community effort to provide needs of the Eugene Wilson family of Hillsboro Plantation who lost one son when their home was burned to the ground last Saturday night. All contents were lost from the fire which started from a defective kerosene heater. Mr. and Mrs. Wilson and eight children escaped, but Randy, two year old son was trapped in a back bedroom.

The mother has reportedly been in a state of shock and under sedation since the tragedy.

Last Sunday the Civic Center was opened from 1 o'clock until 7:30 p. m. and a collection of clothing blankets, etc., was begun for the family. Donations in the way of linens, cooking utensils, dishes, money, etc., are needed to assist the family in recovering from this loss. As yet they do not have a place to live, and the Wilsons are presently crowded in with Mrs. Wilson's sister who has

(Continued On Page 6A)

in the AFY-CIO organization, see the practical value of importation of foreign labor for harvest jobs that might, but do not, appeal to domestic unemployed.

Samuel A. Snyder, Chairman, Legislative Committee of the National Council of Churches before the Senate Committee on Agriculture said, "A violation of the Christian concept of justice exists in the fact that wage-workers in agriculture are denied most of the legal and economic protections long accorded to wage workers in industry."

Rev. James I. Vizzard, S. J., Director of Washington Office of the National Catholic Rural Life Conference, said, at the meeting "Too many of the growers seem to believe that they have a right to use - or abuse - human beings without any consideration for decency, justice, and human dignity."

John W. Evans, President of the Fla. Fruit & Vegetable Committee testified.

"If Secretary Wirtz is correct in stating that this type of program adversely affects the wages of workers, job opportunities, I wonder how he would justify his support of the administration's immigration bill?"

"We suggest he may be going too far with his belief - that Congress has given him license to fix wage minimums."

"From as far back as I can remember we have recruited through state agencies, individuals by corporations, by groups."

George Wedgworth, before the same committee stated:

"The Bureau has repeatedly refused to accept documentation of labor shortages by the state agency. In Florida, the International Association of

Machinists - found that the elimination of the offshore workers would put all of their members in one industry or of jobs. We have not received sufficient workers for the harvesting of sugarcane in Florida. The Department of Labor recognizes that it is not possible to attract domestic workers for the harvest of sugarcane."

Stories have been printed about "riots and disturbances" in the Glades by offshore workers - each more serious than preceding ones.

The latest is an occurrence at the Oklawaha mill where a commissary building was burned and workers became unruly, apparently because a foreman was fired. Eighty-nine of these were reported to Jamaica by direction, Tuesday, for breaking contract.

Repeatedly, before the commissary was let, that domestic farm labor will not cut cane, nor will they cut celery, according to years of experience of Florida farmers.

Reference was also made to the fact that domestic laborers are imported by recruiting (Continued On Page 6A)

Space Heaters Dangerous Unless Properly Used

Kerosene oil burners have caused three deaths - two in one day recently - according to the City Inspector, and said who have them should carefully inspect them before starting them up.

"If a heater has no damper, there is no chimney, and the air can get to the burner, says the Inspector." We find that dust accumulates when the heater is used, and stops the damper, if it has one."

It is important that careful use should be made of these heaters before using, he continued. "If anyone desires he may call the Inspector's office at the City Hall for further advice and help!"

Fresh Water Intake Contract Okayed

The City Commission Monday night okayed the previously accepted bids on the intake facilities and water line to the plant from the source of fresh water in Winnie's Cove to Murphy Construction Co. in the total amount of \$95,879.

Also the bid of the J. B. Clow and Sons, Inc. on the 20-inch pipe to be used by the contractor was accepted.

Just as soon as the materials, which have been ordered, arrive on the job work will be

gin," says Manager Hugliely. The pipeline will run south-east from the intake facility in the northeast corner of the Marina, cross Okechobee Waterway and end in Winnie's Cove to the water plant.

The completion of this project will give Belle Glade the type of fresh water which the city of Lake Okechobee municipalities have, according to the report of engineers who have studied the problem for years.

No Injuries In 3-Car Crash

Heavy fog contributed to a three-vehicle collision at the entrance to the Atlantic Sugar Association Monday.

An empty cane truck, driven by David Johnson, 32, of 619 SW Ave. A, pulled into the highway to make a west turn when Wesley J. Whidden, 24, of Clewiston, traveling east, ran under the rear of the large vehicle.

Florida Highway Patrolman W. B. Richardson said Whidden's alert action in moving from behind the steering wheel to the right side of the seat, undoubtedly saved the driver from serious injury.

Seconds after the collision, Earl Lee Wright, of West Palm Beach, unable to stop his car soon enough when he came upon the scene, smashed into the two entangled vehicles. He told the Patrolman he applied his brakes, but could not avoid hitting the trucks.

Damage to the Wright car was set at \$50.00. Johnson was charged with failure to yield the right-of-way.

No serious injuries were suffered by the seven persons involved in the accident.

Felsing, Earwood Awarded In C of C Membership Drive

Mrs. Urban Felsing, Chamber of Commerce Secretary, presents certificates of recognition to Lee L. Cranford and Henry C. Earwood for their membership drive record. The Board of Directors of the Chamber announced that 35 new members were received and the total membership is now 176. Board members applaud Cranford and Earwood for their successful efforts. Standing left to right: Benny Richmond, Robert Bussey, Dr. John Grady, Henry O. Earwood, Mrs. Violet Felsing, Lee L. Cranford, Pete McClelland, Warren Battle and John Schlepfer. Dr. John Baker (not shown) was chairman of the drive.

Wide Range Of Exhibits Displayed At BG Schools' Largest Science Fair

Winners in the High School Science Fair, Belle Glade's largest and most successful, held Friday are: L-R Jimmy Winchester, 1st; Gary Camplin, 1st; Farrell Kaufman, Pres. of High School Science Club, 1st; Eddie Haines, 1st and Janice Wolf 1st.

Farrell Kaufman, 12th grade student, takes first place in Science Fair on her Earth Science project. Miss Kaufman is President of the High School Science Fair.

Gary Camplin, 8th grade, takes a first place in Health and Medicine project.

Greg Jones, 8th grade, was a 1st with his Chemistry project at the Science Fair.

Belle Glade's largest and most successful Science Fair was held Friday night at the Belle Glade High School Cafeteria. The event in which 90 students, from grades 7-12, entered some 18 fascinating exhibits, was jointly sponsored by the Department of Science of the Junior High School and the Science Club of the High School.

This year, for the first time, application was filed with the Ford Foundation of Future Scientists for special exhibits to be entered into competition on a national level for the foundation's scholarship program.

These exhibits, built by the students, ranged from a live beehive to a detailed study of radiation. Rockets, soil studies, insects, radios, telephones, erupting volcanoes, snakes, sugarcane industry, four cycle engines and many other items of interest to the general public were displayed.

The fair was divided into 7 different classes: Health and Medicine, Earth and Space Science, Mathematics, Physics, Chemistry, Zoology and Botany. These 7 classes were judged on 2 grade levels: grades 7-9 and 10-12 by Drs. Victor Green, Tom Orsinger and James Winchester of the University of Florida Experiment Station located here in Belle Glade.

Mr. L. A. Smith, Science Instructor, represented the Junior

Volunteer Class For Pink Lady Services To Begin March 17

The Women's Auxiliary of Glades General Hospital met for a luncheon and business meeting at the Holiday Inn Tuesday, Mrs. J. Allen Baker, president, presided.

The main business brought up and discussed during the meeting was the Pink Lady Services. The club voted to start making courses, and it was de-

cided to have a volunteer class for the Pink Lady Services starting Wednesday, March 17 at 9:30 a. m. in the Community Methodist Church Parlor.

All who plan to assist in the volunteer program is required to take the training course, which will be under the instruction of Mrs. Sam Crisman.

Those interested are please asked to be there at 9:30 a. m. sharp.

Twenty-four attended the luncheon meeting.

"Authorized FICUS Will Not Be Hurt"

"Any authorized program under FICUS," (Florida Institute of Continuing University Studies) Rep. Emmett Roberts said, "we have been assured will not be hurt. Only areas where there is no legitimate authorization are under controversy, and these will probably be extended."

Roberts attended a meeting of the Committee on Higher Education Saturday in Tallahassee. He said that the Board of Regents problem was the focus of discussion. The committee that developed the Board of Regents Bill originally did not provide for keeping the Board out of politics.

"The Education Committee desires a continuity of leadership on the Board of Regents and laws that will prevent an incoming governor from causing a Board. The Committee believes a continuing supervision is the best thing for the University system and we hope to accomplish this," Roberts concluded.

for High School and Miss Farrell Kaufman, president of the High School Science Club, represented the High School at the co-sponsored event.

This year's fair was held in cooperation with the Florida Future Scientists Association and the winners of the Belle Glade Fair will go to compete at the Region 11 Science Fair, at Indian River Junior College, March 19 and 20. The Region winners will go to the State Fair at Gainesville, later this year.

These students won the following recognition: First place Junior High students: Terry Lee, Gary Camplin, Greg Jones, Jimmy Winchester, John Spooner, Henriette LeGrande and Janice Wolf. First place high school winners were Eddie Haines and Farrell Kaufman in second place winners were Henry Molina and Mike Wilson.

C. E. Waggoner Attends Conf.

Carl E. Waggoner of 33 NE Ave. E. Belle Glade, Fla. local representative for Farm Bureau Insurance Companies, recently attended an Insurance and Tax Planning Conference at the University of Florida. A 2-day school with a faculty composed of industry leaders and tax experts, the subject matter covered recent developments in areas of life insurance, personal and corporate tax planning, with special emphasis on employee benefit plans. Mrs. Waggoner was invited to sponsor only 49 Florida Life underwriters.

BPW To Salute Woman Of Year

Thousands of women will observe this year's "Springtime Salute to Working Women" with activities in their own clubs or observing National Business Women's Week, March 7-13 by participating in other club meetings.

The Belle Glade Business and Professional Women's Club have postponed its observance of the club activity until Monday, March 15. At that time members and guests will meet at the home of Mrs. Rosa Nash.

48 "Shine Stills"

Caught In January

State Beverage Director Ren Morris said today that his beverage agents were extremely busy last month — reporting that a total of 48 stills were seized and destroyed. There were more stills seized in the month of January, 1965, than any other month for the past two years.

Revenue collections are still on an upward trend — showing an increase of 3.27 per cent for January, 1965, over January, 1964. A total of \$10.8 million was added to the State's revenue as a result of these collections.

Agents also seized and destroyed 17,205 gallons of fermenting mash, and 810 gallons of moonshine. Minors arrested were made for various beverage law violations.

Of the \$10,809,479.95 collected, cigarette taxes amounted to \$4,600,524.53; liquor, \$2,537,786.00; beer, \$2,801,924.00 and wine, \$1,014,917.22. Miscellaneous collections made up the balance of the \$10.8 million.

SERVICE
As day's dawn-glided shafts
revive the earth,
Birds, singing, build in
budding bush and tree,
And my heart joins their light-
some madrigals
For duties here to be performed
by me.

Today holds all the blessings
that I crave.
I shall not pass it in a stupid
case,
But share my good with others
on the way,
And seek the fears of others
to appease.

Although each morning brings
new tasks to me,
I still rejoice that I have
a week to do,
That I was called to serve a
little while,
And in this service my own
strength renew
(Clyde Edwin Tuck)

Trooper Bill says...

In driving rain or heavy fog,
it is better to stay at home
or to stop driving if you are
caught on the road. Unless you
have clear vision ahead, you
may drive off the road, crash
into a car ahead of you, or
collide head-on with an on-
coming car. Reduce speed so
that you can stop within the
distance you can see. 323

F. W. Cuselman, in charge of the engineering operation at the Everglades Experiment Station is busy altering and improving a machine to dig, divide and transplant sugarcane ratoon.

The impelling idea is to plant the roots deeper than they were originally in order to protect the young shoots from the cold. Replanting, to improve a stand may also be found a great advantage over present hand methods both for efficiency and elimination of labor.

The machine is basically a potato digging machine, with the necessary changes and adaptations.

Pride Of The Glades

DOUG'S CITY BARBER SHOP

Five GLADES LANES bowlers finished 3rd out of a field of more than 350 teams in the PALM BEACH COUNTY MEN'S BOWLING ASSOCIATION annual tournament. Faced by lead-off man Fred Farmer and Team Capt. J. Meadows they posted a 2814 scratch set for a 3192 Handicap total, only 14 pins out of 2nd place and 60 pins behind the winners. Left to Right: Fred Farmer-590; Gene Entinger-527; Willie Lee-561; Wayne Baughman-549; Kneeling, Junior Meadows-587.

Baseball

Belle Glade Takes Two Games In Race For Suncoast Conference

Defending champion Forest Hill and Palm Beach at Pahokee, Belle Glade, Vero Beach and Palm Beach were impressive in the tournament games the last two weeks, indicating a wide opening for Suncoast Conference baseball honors this season.

Forest Hill and Riviera Beach both whipped Cardinal Newman of West Palm Beach and then played a 1-1 tie with each other in a game called by darkness last Friday. The Falcons beat Newman 4-2, Riviera Beach won over the Crusaders 6-1.

Belle Glade has two victories under its belt. The Rams outclassed the Okeechobee Boys School 18-1 Thursday and beat Suncoast rival Pahokee 3-1 in a non-conference game Friday.

Vero Beach showed timely hitting after pitching up in a 7-3 victory over Melbourne Friday.

Palm Beach topped Lake Worth, another conference foe, 15-5, and was beaten by only 1-0 by Key West, the narrow margin of defeat for any of three conference schools who made the long trip to the island city.

The Conchs whipped Seacrest twice the last weekend in February, 6-0 and 7-2, and Saturday night pounded one of the Suncoast favorites, Dan McCarthy of Fort Pierce, 16-1.

Four conference games are scheduled both Tuesday and Friday this week.

On Tuesday, it's Dan McCarthy at Seacrest, Belle Glade at Stuart, Lake Worth at Forest

Top County Honors Won By Rams 4-H

Belle Glade Ram's 4-H Senior members won the Palm Beach County 4-H Senior Day Competition in Parliamentary Procedure held recently. The team members were Jimmy Baker, Jerry Nehls, Randy Pears, Jack Payne and Drew Payne. The team will represent Palm Beach County in the district competition.

The club reports another new member, Jeff Hooker, joined the club at the regular meeting held at the Lutheran Church. Announcement was made that girls having cattle or poultry are eligible to be members.

A person may legally purchase a resident hunting and fishing license only if they lived in Florida continuously for one year immediately preceding the purchase of such license.

Canal Deaths Represent 25 per cent Of State Fatalities

MAR. 11, 1965. PINE RIDGE, D. D. Belle Glade, Florida 57

Baseball Team Wins First Three Games

Coach Luke Thornton's baseball team has slugged away the first three baseball games winning 16-1 over Florida School for Boys in Okeechobee, 4-1 over Pahokee High and Tuesday night defeated Stuart 2-0. The Pahokee game was a standout performance as Pat Gilbert pitched a three hitter against

Pahokee. It was his finest performance to date. In the game game John Evans had a double and single hit to lead the hitting. Gilbert struck out nine.

The team will play Ft. Pierce March 12. The next home game will be played here on March 13 against Okeechobee High School.

Belle Glade First Choice For Fishing

L.R. — Dave Smithman, Winston Salem, N. C. Mrs. Leo Williams, Leo Williams, Roanoke, Virginia, Grady Sheets, Winston Salem and John Spinhour, Tobaccoville, N. C. J. Marks Fish Camp have become real good fishing friends enjoying "tail tales" and wishing the weather would change. Belle Glade is their first choice for fishing. Smithman on the left holds the fish that had his false teeth!

The cool and windy weather over the weekend gave extra time for fish tales and worm buying at the fish camps. Visiting fishermen were still waiting it out the first of the week hoping for warmer weather and some "bites" at least.

J. Marks said it had really been one of the best years for speckled perch and bass, and fishing had been real good until the cool spell. The biggest catch of the week was made by Grady Sheets of Winston Salem.

Grady said to Dave as they were out fishing on the lake, "Dave, one day you're gonna lose your teeth."

And while Dave Smithman was bending over to hook a worm out fell his teeth into the

Four hundred and eighty persons have lost their lives from motor vehicle canal accidents in a ten county area over a ten year period. This is approximately fifty persons a year. This staggering figure is now a matter of state interest as this statistic represents 25 percent of the state road fatalities. Elimination of the canal hazard will greatly reduce the total state fatality percentage.

Palm Beach County leads in this ten county area with two hundred and one deaths and Dade County second with one hundred and twelve. Twelve drownings have occurred in this county since January 1.

Canal deaths are not new, and the danger of unguarded canals has become progressively a deeply serious matter throughout the ten involved counties.

Belle Glade and the surrounding area where the largest miles of canals are located has become a focus of concern.

With the advent of a vast number of new industries, particularly sugar cane, which involves millions of dollars of business, the canal road safety program has accelerated beyond any previous need.

The worst accident on record was the drowning of twenty-seven workers on a farm bus 8 miles east of Belle Glade. The open canal bank of less than twelve feet to the deep water gave no protection. Safety signs and proper danger signals on these canal-bordered roads are needed.

The unprotected canal mileage is a shocking figure. There are in the southeast counties 750 miles of state primary and secondary roads.

C. A. (Mutt) Thomas Elected To Board South Fla. Con. Dist.

At its annual meeting of landowners the South Florida Conservancy District elected C. A. (Mutt) Thomas, of Lake Harney as a member of the governing board for a three-year term.

Mr. Thomas election is to fill the post vacated by expiration of the term of James A. Ball, Jr., who filed his unexpired term of Billy Jeffries, former General Manager and Board Member.

Members of the Citizens' Committee on Glades Highway Safety.

A Regular Occurrence Along Glades Roads

500 miles of state secondary roads, or a state road total of 1250 miles.

Representatives of the State Citizens' Advisory Committee, other state county and local citizens have met in Belle Glade at the urging of the Citizens' Committee on 'Glades Highway Safety' headed by Henry O. Earwood. The reports may have shocked those who were unprepared or unacquainted as to the canal hazard. The facts presented and the remedies suggested have resulted in state wide concern including Governor Burns. 'Glades Citizens' Committee Chairman Henry Earwood and his Committee contributed endlessly to this compilation of facts for the advisory committee when they met in Belle Glade. Representative Emmet S. Roberts assisted singly in getting the matter brought before the legislative council.

Legislative action is needed before the canal hazard can be lessened or cured. Thursday in Tallahassee the Legislative Committee reviewed three recommendations from the State Road Department guards rails at critical points, natural vegetation and soil banks. Every citizen can help by writing letters to the legislature. This will speed action and show concern. The state and the affected areas are in mutual understanding and continued cooperation."

McElwee, University of Florida, Sgt. Tom Hodges, state engineers, the State Advisory Committee, the State Legislative Council, SRD Safety Director Dan Turnbull and 'Glades Commissioner' Bud Weaver to cement this progress. News media have been particularly cooperative and alert in keeping facts before the people.

Saturday, Bill Gordon, news director of Channel 5, conducted a 30 minute panel program "Contact" to discuss canal hazards and progress in their prevention. 'Glades Chairman Earwood was a panel member.

Immediate temporary measures to improve the hazardous canal situation and other safety measures cannot be too soon. Sgt. Hodges gave this summation: "Who is to say what a life is worth? I don't think we can put a price on a human life."

Citrus Favorites

Perk up your meals with Vitamin-C rich citrus fruits, so plentiful and full of flavor at this season. Miss Mary Todd, local Extension Home Economist, offers some ideas for using citrus around the clock.

Citrus slaw is a flavorful salad, made by combining sliced orange or tangerine wedges, seedless raisins, and finely-cut cabbage. For a snow-capping topping, use a cream dressing.

For a nutritious, colorful party drink, Miss Todd suggests you whip up an orange sparkler. Here's how: Add a scoop of orange sherbert to a half a glass of orange juice. Mix well. Add just enough carbonated water to give it zest. A contracting colored straw will give it added color.

Grapefruit nog, made by mixing 1 1/2 cups evaporated milk, 1/2 cup water, 1/4 cup sugar, and stirring in 2 cups grapefruit juice slowly, is full of nourishment and energy. Try it.

For an appealing lunch, serve

The Belle Glade Herald

ve orange and grapefruit wedges with cottage cheese.

Combine banana slices, apple wedges, sliced orange wedges with orange juice for dessert.

Garnishes made from citrus add flavor and color to any menu. Use orange slices, papercut thin, on icings, whipped cream or meringues. Prepare orange baskets or cups for baking individual sweet potato souffles.

Make grapefruit baskets from halves for appetizer or dessert fruit cups. Cut thin strips around half, leaving one inch uncut on each side. Bring this slices up over basket and fashion with a toothpick. Spear cherry or olive on ends of toothpick.

For additional citrus recipes call the Home Demonstration

"A Majority Of One" Comedy At Palm Beach Playhouse

Molly Picon and Marty Green will make their Palm Beach debuts at Frank J. Hale's Playhouse, repeating their triumphant roles that took them all over the country several seasons ago in Leonard Spiegass's "A Majority of One."

The production will open on Monday, March 15th and play through Saturday, March 20th.

This delightful comedy that ran very successfully on Broadway several years ago will be directed by Miss Picon's husband.

Since Adam and Eve....

... father has been a hero to his daughter. Whether a girl is two or twenty, dad is a Knight in shining armor who can protect her from danger. He is not only the provider, he is her symbol of security. It has been said: "If you desire honor, by a King; If you want fame, be a leader; but if you want to be loved, be a father."

It has been true since Adam, it is particularly so in these times. What happens to our world tomorrow depends greatly on how fathers influence their daughters today. ... women have been figures of influence. On a throne, behind a throne in a covered wagon, or in a home — women have been significant in shaping the world. It has been said: "Educate a boy, and you educate a person. Educate a girl, and you educate a family." Yes, women not only bear the children — they train and educate them. Like mother, like daughter, is not just a cliché phrase. And if this has been true ever since Eve, it is dramatically so in our times.

It will take all the traditional gentleness and understanding of women to train our daughters today for a better tomorrow.

Specifically, we're talking about Girl Scouting, which since 1912 has grown from twelve members to over 2 million members. This has happened because men and women know that Girl Scouting is significant in shaping the future. They understand that when a girl is a Scout, she learns how to get along with others, how to accept responsibility, and, in short, how to live democracy. They know that when Girl Scouting touches a girl, it also affects a family, a community, the nation.

The fella at the store was pro and con on the subject. Ed said if it turned out them two experts was right, he aimed to start charging about 10 cent a pound more for left-handed hams. It was voted to write to our Congressman and see if he can't get the U. S. Department of Agriculture to make one of them science surveys they make

Uncle Dan Says

Dear Mister Editor:

The boys at the country store Saturday night was discussing the hog matter. The fella-keeper claimed we was discussing 'em in the proper order, hogs and farmers. The store-keepers figured the Agriculture Department could do this job for around \$10,000 and this was about \$2,000 less than they spent studying the love life of the Peruvian toad frog.

Moving over from hogs to farmers, Clem Webster reported he was mighty confused and a little upset about how they was going to help the pore farmers in the Great Society. He had took note, he said, where the Economic Opportunity Act planned to aid 5, 333,000 pore farmers, but the showed them ain't but \$481,000 farms, rich or pore, in the country. According to Clem, if they ain't changed the rules for adding and subtracting in the Great Society, this leaves 1,852,000 farmers that was going to get helped from Washington when they ain't got no farms to be pore on.

Clem reckoned they might just give them 1,852,000 pore farmers that ain't farmers 50 acre state and county farms 'em off to farming and git took into the Great Society in style. If you can throw any light on this pore farmers business, Mister Editor, the fella at the store would shore appreciate it. Yours truly, Uncle Dan

US Census Bureau Reports Co. Ret. Trade

Palm Beach County's 2,980 retail establishments had \$435.3 million in sales in 1963, an increase of 33 percent from 1958. The U. S. Bureau of the Census has just reported after tabulating data gathered from all firms in the 1963 Census of business. The last previous business census was conducted by the Census Bureau, an agency of the U. S. Department of Commerce, was in 1958.

Retail trade in the county meant jobs exclusive of proprietors for 14,801 men and women and a yearly payroll of \$48.7 million.

In volume of business the county's food stores had \$119.9 million an increase of 37 percent from 1958. In other retail business — the county's eating and drinking places had sales of \$32.3 million, and gasoline service stations had sales of \$27.2 million. Auto dealers and related retail trade establishments had sales of \$85.0 million.

U. S. Department of Commerce field offices.

Figures on number of establishments and sales volume by major types of retail establishments in each county are provided in the printed report. 1963 census of business, retail trade, Florida. Available at \$5.50 from Superintendent of documents, Washington, D. C. 20402 and at U. S. Department of Commerce field offices.

to expose themselves to other insects. USDA scientists also say that malathion, ronnel, diazinon and pyrethrum are less persistent than the insecticides which roaches have developed resistance. This means they will have to be applied more often. Even so, USDA advises, do not repeat the application unless you're again troubled with roaches. And always redevelop a resistance to these chemicals.

To control roaches in your house, apply malathion or ronnel in a 2 percent emulsion spray or paint-on liquid over the infested areas. Or use a 0.5-percent diazinon spray.

Spot treatments may also be made with malathion in a 3 to 5 percent concentration. Apply this with a brush or spray in places where the roaches run and hide.

Synergized pyrethrum sprays will provide good immediate control. They must be applied at frequent intervals because residual persistence is short. These sprays also provide flushing action, driving the roaches out of hiding or forcing them

on everything from the work production load of ants to the family life of mosquitoes and the hog matter. The fella-keepers figured the Agriculture Department could do this job for around \$10,000 and this was about \$2,000 less than they spent studying the love life of the Peruvian toad frog.

Available at \$5.50 from Superintendent of documents, Washington, D. C. 20402 and at U. S. Department of Commerce field offices.

to expose themselves to other insects. USDA scientists also say that malathion, ronnel, diazinon and pyrethrum are less persistent than the insecticides which roaches have developed resistance. This means they will have to be applied more often. Even so, USDA advises, do not repeat the application unless you're again troubled with roaches. And always redevelop a resistance to these chemicals.

To control roaches in your house, apply malathion or ronnel in a 2 percent emulsion spray or paint-on liquid over the infested areas. Or use a 0.5-percent diazinon spray.

Spot treatments may also be made with malathion in a 3 to 5 percent concentration. Apply this with a brush or spray in places where the roaches run and hide.

Synergized pyrethrum sprays will provide good immediate control. They must be applied at frequent intervals because residual persistence is short. These sprays also provide flushing action, driving the roaches out of hiding or forcing them

IN SERVICE

Ronald Gary Cook, enlisted in the U. S. Army in February and is now based at Fort Gordon, Georgia, in the Airborne Division.

Ronald, who attended Belle Glade High School, the son of Mr. and Mrs. L. B. Cook, 33 S. E. Ave. M. Belle Glade, and the grandson of Mrs. Marie King.

Army Specialist Five Joseph W. Gambill, 23, whose wife, Nadine, lives at 308 N. W. Eighth St., Belle Glade, Fla., qualified as expert in firing the high-powered M-14 rifle at Ft. Hood, Tex., Feb. 19.

The expert rating is the highest mark a soldier can achieve in his rifle qualification test. Specialist Gambill, an aircraft mechanic with Headquarters Troop, 1st Battalion, 1st Cavalry, 1st Squadron of the 1st Armored Division, at Fort Hood, Tex., entered the Army in 1957.

Gambill attended Belle Glade High School. His parents, Mr. and Mrs. Joseph E. Gambill, live at 70 Osceola Center.

BIEN HOA, Viet Nam — Airman Second Class John E. Kautz, son of Mr. and Mrs. Henry Kautz of Canal Point, Fla., is now on duty with a unit of the U. S. Pacific Air Forces (PACAF) in Viet Nam.

Airman Kautz is a food service specialist and is helping provide essential support and services for USAF personnel who are training and assisting the Vietnamese in their fight against communist aggression. PACAF is responsible for the training mission and providing airpower to defend the U. S. and its allies in the Pacific and Far East areas.

The airman is a graduate of Pahokee (Fla.) High School. Airman Kautz's wife, Georgia, is the daughter of Mr. Henry L. Kinsley of 1410 Main St., Bellevue, Neb.

DENVER, Colo. — Staff Sergeant, Henry B. Cole, whose sister, Mrs. Max D. Jones, resides in Pahokee, Fla., has graduated from the U. S. Air Force missile instrument specialists at Lowry AFB, Colo.

Sergeant Cole, who learned to measure guided missile performance with electronic equipment, is being assigned to Strategic Air Command (SAC) unit at Vandenberg AFB, Calif. His division supports the SAC mission of keeping the nation's intercontinental ballistic and jet bombers on constant alert.

The sergeant attended University High School, Oklawaha, S. C. His wife, Betty, is the daughter of Mr. and Mrs. John J. Cannon of 218 Residence Ave., Albany Ga.

MONTGOMERY, Ala. — Airman Third Class Stuart H. Fuller, son of Mr. and Mrs. Stuart B. Fuller of 932 S. E. Third St., Belle Glade, Fla., has graduated from the technical training course for U. S. Air Force veterinary specialists at Vetter AFB, Ala.

Airman Fuller, trained to inspect food serving and storage facilities, is being assigned to Hunter AFB, Ga. His unit furnishes medical services in support of the Military Air Transport Service mission of providing global airlift of U. S. military forces and equipment. The airman is a graduate of Belle Glade High School.

Airman Jay F. Browne, USN son of Mr. and Mrs. Ray M. Browne of Belle Glade, Fla., is participating Feb. 23-March 12 in a major fleet training operation called "Silver Lance" off the coast of California while serving aboard the attack aircraft carrier USS Midway.

The operation, under the direction of the Commander of the First Fleet, is providing extensive training in every facet of naval and amphibious warfare. Participating units are receiving training in strike, anti-submarine, mine and countermine anti-air and electronic warfare. "Silver Lance" involves more than 60 ships and 50,000 Navy and Marine Corps personnel. During the operation, aircraft from the Midway is flying strike missions and providing close air support for Marine sea assault forces.

More Strontium-90

People who don't drink milk have three times more red active material in their bones than those who do, research studies conducted at several Agricultural Experiment Stations show.

Milk is the body's chief source of calcium. When milk is not included in the diet, more strontium-90 is deposited as a substitute for calcium in the bone.

WANTED

not dead but ALIVE

Since our pep is fast becoming extinguished, we need a new breath fire to start it going again. The following are comments by student leaders and faculty members concerned about our dying spirit.

Deathly Worried

"Our pep has decreased; it is not as great as in the years before," related Joyce Morris.

"One of the reasons," Joe White uttered "our school spirit has gone down is because there hasn't been enough students attending the games. Our teams would play better if they had a strong student body backing them up."

"Tremendous for football, average for basketball, lagging but noticeable in track and baseball with the exception of the enthusiastic fans," announced Lynda Long.

"The team is just full of what whins. Without the pep no team can win and our pep has shown a recognizable decrease," stated Ray Sullivan.

"As a school total we have a tendency to recognize the star rather than the team as a whole or personal effort put forth," commented Mr. Hayes.

"There is very little interest in a sport with the students unless the boys are directly involved or the girls have a boyfriend on the team," said Mrs. LaFlam.

HAVE TEAM WILL TRAVEL!
HAVE TEAM WILL PLAY!
HAVE PEP WILL WIN!

R. E. Sullivan Speaks On Historic Guns

A history of fire arms was presented at assembly March 2. Mr. Ray E. Sullivan, former F. B. I. Special Agent, was guest speaker.

Homework Excuses

"Why don't you have your homework done?" Everyday the students of BGHS are confronted with this terrifying question, causing many blank minds to go even blonder. This is a very serious problem, but we fear, here are some very convincing lies to use as excuses.

1. I mean, to do it in history, but Buckley, who sits next to me was chewing gum. He asked me to time him to see how many times he chewed in 30 seconds, and I just couldn't refuse. The first 15 times we tried it, my watch wouldn't work. When we finally got it working there were only 10 minutes left in the class. I decided to really get to work, then my pencil lead broke. When I went to sharpen it, I tripped over a new student's foot and landed head-first in the trash can. This caused such an uproar that I forgot all about sharpening my pencil. By the time I remembered, the class was over.

2. I went right home from school so I would be sure to get my homework done, but on the way I stepped in a mud-puddle and sank up to my ankles. Thus, I was stuck tight. I waited there in the mud for 2 hours and 45 minutes until someone came to rescue me. When I finally did get home, my mother made me take a bath to wash off the mud. I got the bathwater too hot, burned my big toe, and had to go to the hospital. By the time I got home from there, it was my bed-time, 10:00 o'clock. Since I am not allowed to stay up past then, I went to bed.

Showcase Displays

Many interesting displays have been viewed in our showcases in the past weeks. The first display was constructed by Mr. Ward's Shop Class, which showed rules for safety in the workshop.

Mrs. LaFlam's first period English class put in a display of novels such as THE PITT and THE HOBDEBODIES, John Smith, and others. Everyone is welcome to display projects and to place announcements concerning school in the showcases.

Diane Davis - I don't know, but she ought to be a model, she's cute.

Farrell Kaufman - I don't know, but she's cute.

Buddy Bender - Looks a little like Lynda Long.

Lynda Long - Is she blonde now? Paula Sheppard? Kathryn Zywicki!

Beth McCulley - It looks like a boy in a girl's dress!

Ronny Lee - She needs more hair to look like a girl.

Gwen Grove - What's she looking at? The mouth and the knees look familiar, but I don't know. I think it's one of the Burnette girls - I'm not Zywicki is it?

Beth Livingston - Is it a girl? Kabi Le Beau I bet!

Pat Fishler? I give up—who is it? Really, who is it now?

How To Compile Research Papers In 4 Easy Steps

To help all students with research papers to do, we have thought careful study, compile some helpful hints that if followed will not fail you... all the time.

1. NECESSARY EQUIPMENT. First of all, every researcher should have a pencil with a worn down eraser, six teeth marks on it, about 100 notecards with a rubber band around them (the first one having the title of your paper on it and some convincing writing, a pair of diskriminating glasses (with or without lenses), and a couple of band-aids on your writing hand. The last, of course, is to give the appearance of hiding the callouses you received on so much notecard writing.

2. NOTETAKING. This should be done in the library, where there are a lot of people and teachers around. A look that implies absorbed interest and cheerful working is always helpful here. However, don't make it too absorbed and/or cheerful as it will arouse undue attention. Always have at least four fairly thick books on your table and three magazines. Keep an open book handy in case you may need to stop reading your MAD and look at it thoughtfully as the teacher strolls by.

3. WRITING YOUR RESEARCH PAPER. This, of course, should be done at about 2:00 in the morning on the day the paper is due, for no other reason than "continuing a long time tradition. Make sentences long and complicated and include lots of pictures if possible, try to tie them in with the subject of your paper. That is, if you have decided on the subject by then.

4. TURNING YOUR PAPER IN. This is the very crucial point where many people fail. Avoid expressions of relief at getting rid of the thing—instead, hand it to your teacher as if (rather than) you are conducting some outside research on a certain phase of your paper and need it for reference.

Future Features

A calendar of events for the month of March:

- 11 - Track: Jewettown, Patuxent, and Boca Raton at Belle Glade.
- Tennis: Riviera Beach at Belle Glade.
- 11-13 - Basketball State Tournament.
- 12 - Girl Scouts organized.
- 12 - Baseball: Belle Glade at Ft. Pierce.
- 13 - Baseball: Okeechobee at Belle Glade.
- 14 - Albert Einstein's birthday.
- 15 - Golf: Stuart and Dan McCarty at Belle Glade.
- Andrew Jackson's birthday.
- 16 - Baseball: Pahokee at Belle Glade.
- 16 - Track: Okeechobee at Belle Glade.
- 17 - St. Patrick's Day.
- 18 - Tennis: Stuart at Belle Glade.
- Grover Cleveland's Birthday.
- 20 - Baseball: Belle Glade at Okeechobee.
- 21 - First Day of Spring.
- 22 - Golf: Forest Hill and Belle Glade at Riviera Beach.
- 23 - Baseball: Riviera Beach at Belle Glade.
- 24 - Tennis: Belle Glade at Pahokee.
- Track: Belle Glade, Forest Hill and Jewettown at Pahokee.

26 - SENIOR PLAY
Baseball: Belle Glade at Forest Hill.
29 - Golf: Lake Worth at Belle Glade.
30 - D. C. T. Banquet.
Baseball: Belle Glade at Boca Raton.

RED CROSS MONTH BEGINS

Final plans for Red Cross Month, which began March 1, were made in Palm Beach at the Red Cross Headquarters for this country.

"Join in the Join up" drive, the theme of the Red Cross month, is being held to help publicize the Red Cross and raise money for their various projects during the year.

Red Cross organized as a voluntary society to aid victims of suffering in time of war and peace. Medical care, food, clothing, and shelter are given to victims of a disaster. Red Cross workers and the families work together on a recovery plan. All help given disaster victims is a gift.

More than 2,500,000 donations of blood are contributed annually by the American people to the Red Cross blood program. Some 2,000,000 volunteers serve in the Red Cross, and officers and committee members are volunteers. The Red Cross program also has courses in first aid, water safety, and home nursing.

George McDonald led the Rams track team to victory last Thursday over Pahokee and Stuart. By winning the shot-put, 220-yard dash, 120-yard high hurdles, and placing second in the 440-yard dash, the Golden

Track Team Scores Victory

Rams scored 87 points to Pahokee's 54 and Stuart's 37. Winners were Don Wilkins, 100-yard low hurdles; Ronnie Ratliff, 440-yard dash; and Jackie Poole, mile run. The sprint medley team

Gary Walker, Mike Aubrey, Glen Wolf, Jackie Poole - and the 880-yard relay team - Don Wilkins, Tony Latour, Tommy Woods, and John Lee Henderson - also scored points for Belle Glade by coming in first place.

In the special events Billy Thibault won the 40-yard dash for sixth graders and Belle Glade defeated Pahokee in a Junior High 440-yard relay.

Tennis Team Meets RB Hornets Today

Today, the fighting Rams tennis team will meet the Riviera Beach Hornets on the home courts in the fourth tennis match of the season. The Belle Glade girls team is trying for their first win of the season, and the boys' team has just become active.

Boys' first match, Adrian Boots (0-6), Gene Hollingsworth (1-6), George McDonald (0-6), George Bustamante (1-6), and Glenn Wolf (0-6) lost against Vero's boys' team. In

Tips For Teens

Girls, here's an idea for those little plastic jars and bottles which hold make-up for traveling. Mark the tops of the lids with mail polish; HC for hand cream, NC for night cream, etc. Then, one can tell at a glance which one to grab.

When the eraser on a pencil is dirty, and all you get from it is a smudge, just rub the eraser over an emery board a few times and it's just like new.

Here is a hint for you boys who like to fish. Fish hooks can be strung on large safety pins according to size and won't become tangled.

When buying white shoes with laces, buy an extra pair of laces. Then, when your shoes need polishing, one will always have a clean pair of laces to put back in the shoes without waiting for the other pair to dry.

Girls, a large terry cloth towel makes a wonderful make-up cape. Just shape the towel by cutting a neck hole on one side (the shape of a horseshoe) and sew plastic material on the under side. The terry cloth absorbs the water, hair-setting lotion, etc., and the plastic keeps your clothes dry.

Around the Campus

HAIR - John Bamford and Vencie Rogers

BEST DRESSED - Brenda Bass and Ray Sullivan

CAR - Brenda Kelly's White bomb.

BOOK - Main Street - Sin-

MOVIE - Get Yourself a College Girl.

CLOWNS - Wilbur Mincey & Parrell Kaufman

COUPLE - Kathy Barron and Jimmy Jackson

CLASH - Fifth period Glee Club

TEST - Contemporary History

FAD - Play practice

EXPRESSION - "Mooooo"

CUTEST - Rhonda Walker & Doug Wedgworth

SONG - "Can't You Hear My Heart Beat?"

FLIRTS - Sharon Amodeo and Paul Llewellyn

DCT Student of the Week

TOMMY SCHEFFLER
The D. C. T. Club has selected as one of their students of the week Susan Schoepel. Susan is employed by the Bank of Belle Glade as a clerk, under the supervision of Mr. Wayne Mikell. Susan, who is a member of the Beta Club, has lived in Belle Glade all of her life. Her hobbies are sewing and swimming.

SUSAN SCHOEPEL

supervision of Mr. Norman Austin. Tommy, a life time resident also, enjoys fishing and hunting as his hobbies.

Beta News

New Beta Club members received club pins, membership cards, and miniature pens. The members have approximately 150 boxes of Belle Glade stationery selling for \$1.30 per box left. Anyone who wishes to purchase a box should contact one of the following: Jane Zump, Allison Cann, Janice Blumenthal, Lura Livingston, or Francis Collins.

Library Corner

Book of the Week - American Tragedy by Theodore Dreiser

The story of Clyde Griffiths, the son of a itinerant street preacher, whose burning ambition for wealth and social prestige brings him nothing but tragedy.

NOTES - The Library Club in cooperation with Mrs. Stevenson's Freshman English class arranged the display case last week.

MAGGIE by Vivian Brock was characterized by Jean Jackson. OLD YELLER by Fred Gysen was displayed by Mark Whitmore; and GO TEAK MGO by John Tunis was illustrated by Douglas Wedgworth. Other books characterized and displayed were: LITTLE WOMEN by Louisa May Alcott, JANE EYRE by Charlotte Bronte, THE BUCKBOARD STRANGER by Stephen W. Meader, and THE COVERED WAGON by Emerson Hough.

A summary was attached to each book on display.

Bookworm of the Week - As the freshman bookworm of the week, Jeanette Burnette enjoys spending her time in the library. She is also an eager library assistant.

Thought of the Week - Some books are to be tasted, others to be swallowed, and some few to be chewed and digested.

success hasn't gone to its price!

Best combination of luxury and economy you can buy

CHEVROLET BEL AIR 6

It's our in-between-priced full-size Chevrolet with deep-tufted carpeting; luxurious pattern cloth upholstery trimmed in soft vinyl; and a Turbo-Thrift Six to make the most of its Jet-smooth ride. Low in cost, easy on fuel - yet this spirited Six gives you quick pickups and all the smooth dependable power a car needs. Just come try it and see!

You can actually buy this fine full-sized car for slightly more than many intermediate-sized models of other makes - and even for less than some of them! So why settle for a smaller car that can't begin to offer all of the value and satisfaction you get in this Chevrolet Bel Air? Come look it over. See how much more you get for what you pay!

Mr. and Mrs. Dan Mathis, Michele and Wesley were weekend guests of her parents, Mr. and Mrs. Charles Tschopp in West Palm Beach.

Mr. and Mrs. H. R. Layfield and Mr. and Mrs. Leon Pope were in Boca Raton on Sunday visit their relatives, Mr. W. C. and W. B. Cox families.

Mr. and Mrs. L. LeBlanc and Dianne of West Palm Beach were dinner guests of Mr. and Mrs. W. C. Prewitt and Jerry on Sunday.

Miss Tyra Lee, student nurse in Macdon, Ga. is spending week with Mr. and Mrs. W. M. Lee, Laura and Sherry, and Mr. and Mrs. Terrell Lee in Clewiston.

Mrs. Idella Finley of West Palm Beach visited a few days this week with Mr. and Mrs. Pete Haulcomb.

Dr. and Mrs. Robert Smith of Binghamton, N. Y., were dinner guests Tuesday night of Dr. and Mrs. N. Di Stefano and Mrs. Jean Swartz.

Mrs. John D. Hemphill spent Tuesday night with Mr. and Mrs. Jack Hemphill in Ocala. On Wednesday she left to spend some time with her daughter Mrs. Leo Johnson, Mr. Johnson and children, David, Nita and James in Fort Penning, Ga.

Rev. and Mrs. Jameson were dinner guests of her brother and

Ram Page Continued

Golf Season Opens

The Belle Glade High School Golf team started the golf season with a match at Seacrest. Despite our teams losing both teams displayed enthusiasm and put forth a good effort.

Both girls and the boys teams were handicapped by the lack of a member. This was due to difficulty in receiving birth certificates.

Lane Creech, senior member of the boys team, was medalist for Belle Glade.

Other members on the teams are: Brenda Webster, Jodi Averill, Jean Jackson, and Gail Parker. Ivan Willis, Jeff Altman, Johnny Spooner, and Lane Creech.

Belle Glade's next match will be Monday, March 8th at Belle Glade. The opposing teams will be Forest Hill and Seacrest.

Science Fair Prizes Awarded March 4

The annual Belle Glade Junior-Senior High School Science Fair was held in the cafeteria March 4. The exhibits ranged from Earth and Space Science to Zoology and Biology.

The first prize winners were: Farrell Kaufman, Eddie Haines, Janet Wolf and Henriette LeGrande from the High School; Terry Lee, Gary Camplin, Greg Jones, John Spooner, and Jimmy Winchester from the Junior High School.

The second prize winners were: Stuart Chappell, Mario Garcia, Brian Moore, Barney Richmond, and Tommy Altman from the junior high school; Henry Molina and Mike Wilson from the senior high school.

Third prize winners were: Billy Keith, John Webb, Paul Bailey, Alberto Latour, Cici Luce, Larry Hyalogue, and Winifred Williams.

The judges were Dr. Victor Green, Dr. Joe Orsengo, and Dr. James Winchester from the Belle Glade Experiment Station.

The first place winners will take their projects to Indian River Junior College to compete in the Regional Science Fair on March 19 and 20.

Rams Win First Two Baseball Games

The Golden Rams baseball team got off to a flying start this year by winning back to back games with Okeechobee and Pahokee.

On Thursday afternoon the Rams coasted to an easy 16-1 victory over Okeechobee School for Boys. Eddie Jimmerson and Jorge Rodriguez combined to pitch a two hitter as the Rams attack rolled. The Rams put the game on ice by scoring ten runs in the second inning. Gary Mann had the only extra base hit, a double.

Friday afternoon the Rams continued to roll as they topped Pahokee by a score of 5-1. Pat Gilbert went all the way for the Rams and gave up only three hits while striking out nine.

"A Mother"

"Oh give me patience when wee hands

Tug at me with their small demands.

And give me gentle and smiling eyes.

Keep my lips from hasty replies.

And let not weariness, confusion, or noise

Obscure my vision of life's fleeting joys.

So when, in years to come, my house is still—

No bitter memories its room may fill."

(Mother anon)

family Mr. and Mrs. Paul Edwards in Fort Pierce Thursday Friday they spent at their old home in Wabasso, and attended "The World Day of Prayer" service" in Roseland Methodist Church during the morning.

Rev. Jameson was a former pastor there.

Caloosahatchie

Dennard To LaBelle Restricts Boating

Improvement of the Caloosahatchie River (Canal 43) under the Central and Southern Florida Flood Control Project is currently underway for the reach from Ft. Dennard to LaBelle and passage through the south span of the new swing bridge at Ft. Dennard will not be possible until the dredging contractor has removed the original bank extending easterly of the bridge.

It is possible for navigation to use the north channel which will be restricted to about 65 feet until the bank mentioned above is removed. Upon removal of this bank full 80-foot clearance through either of the bridge spans will then be available.

All vessel operators using the waterway are advised to take the above into consideration in scheduling trips past the site and to exercise caution in approaching and passing the bridge site.

Use A Pan With A Lid

A tight-fitting lid is the key to conserving food nutrients during cooking, says Mary Todd, local Extension Home Economist.

A lid that fits tight and is heavy enough to prevent the escape of steam permits cooking with a

minimum amount of added water. Take your choice of aluminum, enamel, glass or stainless steel. Modern cooking utensils are made of materials that do not affect the nutritive values of the foods cooked in them, says Miss Todd. In the old-style copper utensil, the copper was in direct contact with food and hastened the oxidation of vitamin C. But this does not apply to modern pans with copper-plated bottoms because the inside cooking surface is made of another metal.

TOUGH LAND-ROVER THE GREATEST NAME IN 4-WHEEL DRIVE VEHICLES

There are some 350,000 LAND-ROVERS operating in 157 countries. They are used by

26 of the world's armies and 37 of its police forces. Fleets of LAND-ROVERS are purchased by large construction firms, oil companies, etc., for delivery all over the globe.

LAND-ROVERS are equipped with full tool kits and 6-ply tires standard.

A powerful Kodak heater is offered as an optional extra.

LAND-ROVER can be factory-equipped for special services. There are 108 pieces of optional attachments.

Fenders extend beyond radiator and lamps, thus affording protection. Door locks and gas tank filler caps are recessed.

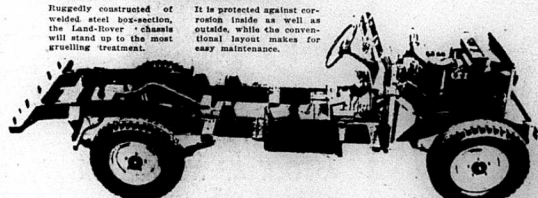

Seats are standard equipment and are included in the price. Rear seats fold up.

LAND-ROVER - THE BEST 4-WHEEL DRIVE VEHICLE IN THE WORLD

CHASSIS CONSTRUCTION

Ruggedly constructed of welded steel box-section, the Land-rover chassis will stand up to the most grueling treatment.

It is protected against corrosion inside as well as outside, while the conventional layout makes for easy maintenance.

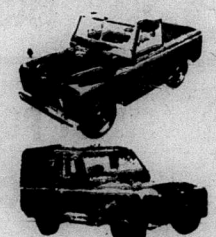

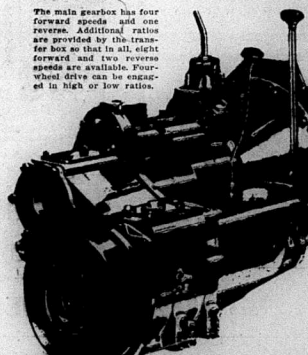

VERSATILE TRANSMISSION

The main gearbox has four forward speeds and one reverse. Additional ratios are provided by the transfer box so that in all, eight forward and two reverse speeds are available. Four-wheel drive can be engaged in high or low ratios.

- TWO CHASSIS LENGTHS AVAILABLE
109" or 88"
- GASOLINE OR DIESEL ENGINE
- 10 BODY STYLES
Truck, Van or Station Wagon
- ALUMINUM ALLOY NON-RUST BODY
- ALL FITTINGS GALVANIZED
- ALL METAL RUST-PROOFED
- FULLY FLOATING AXLES
- OIL BATH AIR CLEANER—standard
- FULL FLOW OIL FILTER—standard
- 3 POWER TAKE-OFF POINTS

Tonight! Seniors Will Present "Night Must Fall"

The members of the senior class will present the annual senior class play tonight in the High School gymnasium. The talented group of theseniors will present "NIGHT MUST FALL," a three-act drama by Evelyn Williams. Featured in this production are Lauretta Mack, James Harris, Emma Davis, Nathaniel Holloway, Mary A. Foulkes, Celeste Hollingsworth and Bertha Lawson. The plot unfolds when Danny, a bell boy who arrives at the Bransons' bungalow, has already murdered one woman, and there is little doubt that he will soon murder another—the aged owner of the house. He gradually ingratiates himself into her affections in a skillful manner, at the same time managing to prevent her niece—who has guessed his previous connections with murder—from giving him away. Dan, a completely selfish, self-centered psychopath who Olivia firmly believes he hates, but as a matter of fact, she is fascinated by him beyond measure. Current time is 8:15 p. m. The admission is \$3.50 for adults and \$1.50 for students.

Cage Results

The Southeastern Atlantic Coast Conference Tournament was held February 25th, 26th, and 27th at Lincoln Park Academy High School. Membership schools of the conferences are: Carver High, Eagle, Delray Beach, Lake Shore High "Bobcats," Belle Glade, Lincoln Park Academy, "Greyhounds," Fort Pierce, Roosevelt High "Maroon Devils," West Palm Beach. Team standing in conference: Play: W L Pct. Roosevelt 6 1 .857. Lincoln Park 2 2 .500. John F. Kennedy 3 3 .500. Lake Shore 2 6 .250. Carver 0 7 .000. The Maroon Devils of West Palm Beach won the tournament, Lincoln Park finished second, John F. Kennedy Vikings finished third, and the Bobcats of Belle Glade finished fourth. The Bobcats had two players to make All-Tournament Team they were Ernest Cameron and Lee Luther Glaze. The Bobcats also had two players to make All-Conference team. They were Willie Jones and Willie Benjamin.

All Conference Team: 1. Leven Jackson — J. F. Kennedy. 2. Milton Perry — J. F. Kennedy. 3. Paul Wilder — Roosevelt. 4. Joe Williams — Roosevelt. 5. Willie Jones — Lake Shore. 6. Willie Benjamin — Lake Shore. 7. Joshua Burgess — Carver. 8. Joe Ford — Lincoln Park. 9. James Jones — Lincoln Park. 10. Hardy Pitt — Lincoln Park. 11. Leven Jackson — J. F. Kennedy. 12. Milton Perry — J. F. Kennedy. 13. Paul Wilder — Roosevelt. 14. Joe Williams — Roosevelt. 15. Willie Jones — Lake Shore. 16. Willie Benjamin — Lake Shore. 17. Joshua Burgess — Carver. 18. Joe Ford — Lincoln Park. 19. James Jones — Lincoln Park. 20. Hardy Pitt — Lincoln Park.

Student Of Week

This week we have a native of Belle Glade to represent the boys as a challenger. Johnny Lusane Jr., has been chosen as Student of the Week. He was born November 24, 1950, to Mr. and Mrs. Johnny Lusane of 689 S. W. 8th St. Johnny is the president of 9-2 home room, a member of the Dramatic Club and Spanish Club. His hobbies are in the field of sports, but basketball, softball and football stand out more so than any other. If Johnny keeps up the good work he will reach his goal, which is to become a doctor, and win prizes. The challengers are from the 9th grade level, what happened to the other grades? Now is the time to start, tomorrow might be too late.

Just For The Record

When you sit down to read a conversation with your friends, how does it usually turn out? Does it wind up with one being hurt or someone being angry at the other? Here's what Margaret Haugher of "Etiquette For Young Moderns" thinks about the conversations that are held with friends. At group gatherings among close friends, there's nothing more fun than discussions or even slight arguments. Don't make rash statements; you can't drive home a point unless you know facts. So have a few facts to come unpleasant quarrels. Some of the signs are raised voices, name-calling, interrupting the person who is speaking and making personal rather than factual remarks. When those signals start flashing, it's sensible to revert to nonsense. Someone might break in and say, "settling the fate of the world is a tough work. Let's take a break and get some music on the radio, or would anyone like to play a game of ping-pong?" We're getting nothing out of this but horse voices. "Being with friends can be very enjoyable if the conversation isn't boring or causes anyone to be hurt."

Granny Advises

Dear Granny, There's a rumor that the boy who is supposed to be my boyfriend is engaged (that's what I heard). I would like to ask him about it, but I don't know how to approach him. Bewildered

Dear Bewildered, Be precise and to the point. Don't be frightened or shy about this matter. Go right up to him and ask him. After all, it's the only way to find out the truth about this rumor. Granny

Dear Granny, There is a boy in the Junior Class whom I love very much, how can I find out if he loves me or not. Wondering

Dear Wondering, One word can sum up whether you love him or not, and that is "Action." There are many questions which you can answer yourself concerning the way he acts. Does he have respect for you? Does he show any interest in you? Does he talk to other friends about you unfavorably? Does he seem to act differently around you? Does he ask you for dates at the proper time, and in the proper manner? Granny

Submitted by: (8-2) James Haynes - Ralph Stokes Tyrone Everett Mother: "Why did you spank Junior?" Father: He gets his report card tomorrow and I'll be out of town. Little Jackie had just returned from his first day at school. "Well, Jackie," asked his mother, "What did you learn at school today?" "Not much mother," Replied Jackie, "I have to go back again tomorrow."

Teacher: "I don't see how one person could make so many mistakes in his homework!" John (groaning) "Oh it wasn't one person, My father helped me!" Papa Bear: Someone's eaten my Porridge. Baby Bear: Someone's eaten my porridge. Mama Bear: Quiet down! I haven't poured it yet.

Something To Live For

Do you have a cause for which to live? Don't we all? Have you gotten to the point of no return? Why not go ahead and do things that matter? You may have said that it is one of those things that has to happen. That explanation is not precise because there is a cause and a reason for everything that happens. This is not a magic world you know. People should ever be satisfied with just knowing that something happens. They should want to know how and why it happens. The changing pattern of the sky raised many questions by now, many astronomers have found many of the answers.

Astronomers are scientists who study the stars and planets to find out what they are made of and how they move and change. Astronomers have discovered a great many facts, most of which are hard to believe. Many of the things that we already know about astronomy would not have been believed by learned men of long ago. Even such a fact as the earth's roundness took a long time to be believed.

Mary Milligan

Band Parents Reorganize

The Lake Shore High School Band Parents Association was reorganized Wednesday night February 24, 1965. The following officers were elected: Mrs. Janice Love, President, Mrs. Esie Mae Brown, Vice-President, Mr. Bernard S. Jackson, Secretary, Mrs. Mattie Mae Powell, Treasurer. Other members present at the meeting were: Mrs. Ann Miller, Mrs. Ethel M. Hargrove, Mr. and Mrs. Roosevelt Baldwin, Mrs. Mable Boyd, Mrs. Esie Mae Ingram. It was agreed that meetings will be held first and last Wednesday in each month. There are no set fees. Members are asked to give whatever they can. It also was agreed that all money be handled through the school internal accounts and meetings will be limited. The Band Parents Association is making plans to sell concessions at the District Festival which will be held this year at the Lake Shore High School March 27, 1965. We are happy to announce that funds are available for the purchase of food and supplies for the concession stand. Additional funds are needed. The next meeting is scheduled for Wednesday night March 3, 1965, at 8:00 p. m. in the Lake Shore High School band room.

The Twist Vocabulary Game

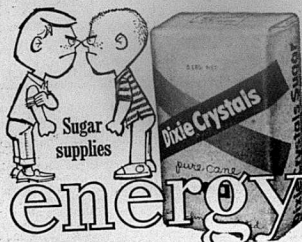

Here is another vocabulary game with a B and I twist. The words in the right hand column are the definition of the words in the left column is the twist. If you have trouble turn to the B section of your dictionary. 1. b - i - - - - 2. b - i - - - - 3. b - i - - - - 4. b - i - - - - 5. b - i - - - - 6. b - i - - - - 7. b - i - - - - 8. b - i - - - - 9. b - Shirley Bros. Business Bought By Rinker Corp.

"Doc" Rinker and Claude Shirley, Presidents, respectively of the two organizations bearing their names.

SB THE HERALD, Belle Glade, Florida MAR. 11, 1965

Twenty-nine years ago, M. E. (Doc) Rinker made the "down payment" on a dump truck to launch a business career which has brought him to the Presidency of a 600-employee firm with two dozen branches along the east coast of Florida, including Belle Glade and Pahokee.

The product of these organizations is promoting the "Build The Concrete Way," and associated products: Redi-Mix concrete blocks, and specialties are manufactured.

Claude Shirley, brother, L. L., and sons have pioneered, built-up and expanded concrete Redi-Mix and blocks, with associated materials, in the Glades to the point where the business fits smoothly into the Rinker Materials Corp.; so, Shirley Brothers have transferred their organization to Rinker, reportedly, for "Coin of the Realm."

The transfer was officially announced to the employees, with the Shirleys suggesting a continuation of loyalty and pride. The Rinkers — Boss and Assistants — did a thorough selling job to their newly acquired organization, and welcomed them into the family.

Rinker men pointed out policies which include: Pay Scales, fringe benefits, paid vacations, holidays, service bonuses, savings, insurance, and other special considerations to employees.

"Doc" Rinker told the Glades group that "there are many men in executive positions who, as I began at the bottom, driving trucks, mechanics and other starting positions." "Also, he added, "we have supervisory and official assistants who have had the privilege of higher education. The two types complement each other to the advantage of the organization."

"We hope, the President continued, "to match the excellent service that the Shirleys have given their trade, and to add to that benefits of a larger and more flexible organization."

Lee Shirley is continued as

Employees of Shirley Bros., who have been with the organization for seven years and longer — the life of the Belle Glade Plant.

(L to R) Lee Shirley, General Manager, Glades Area, Ed Culberson, block plant Manager, J. F. Bacon, Operations Manager, Willie Baker, Willie

Jackson, James Roy, Claude Shirley, President, Frances Enstrom, Bookkeeping Dept., William Jordan, Zed Cummings, William Shirley, and John Miller, Lewis E. Walker, who has been with the Shirley organization since fall of '33 was called out of the City at the time of picture taking.

Manager of the Glades operation, under Mr. John Dicks, Manager, of the Ft. Pierce District.

The organization is absorbed by Rinker entirely as it was before the transfer with S. F. Bacon as operations manager.

In Florida there is no closed hunting season or bag limit on raccoon, rabbit, bobcat or opossum, however, a hunting license is required.

Early and mid-season control with Phosdrin hits insects hard, cleans them up fast.

Close-to-harvest insect control with Phosdrin gives you an unbeatable way to insure crop quality.

Now, Phosdrin is an all-season insecticide

—vegetable growers are using its hard-hitting control and fast disappearance in every spray.

The special effectiveness that has always made Phosdrin[®] Insecticide profitable for late-season use is now protecting vegetables throughout their growth. Here's why:

The 5- to 7-day spray schedules authorities now recommend have changed the role of Phosdrin. With its rapid speed of kill and near-perfect insect control, Phosdrin is extremely effective in the new short-interval spray schedules.

Also important in the new programs: Phosdrin is competitive on a cost per acre basis and its fast disappearance eliminates problems.

Insects and residues both vanish

A Phosdrin spray cleans up a broad spectrum of insects in a matter of minutes—aphids, mites, loopers, worms, almost all destructive pests attacking vegetables. Because control is

so thorough, insects can't build to damaging levels between sprays. And, of course, accidental drift to a nearby field also disappears rapidly.

Phosdrin makes it easy to avoid problems—all season and close to harvest. It's gone from the field a few hours after application.

Complete control is economical

Phosdrin alone, protects lettuce, tomatoes, beans, peppers, celery, watermelons, eggplant and many other vegetables. There's no need to add another insecticide and raise costs... even if resistant insects are present. Phosdrin stops them too. And it offers a wide margin of safety to leaves and fruit of insecticide-sensitive crops like cucumbers and lettuce.

A little Phosdrin goes a long way. As little as 34 pound per acre is all it takes to end the damage of most vegetable insects. Dosage rates seldom exceed 1/2 pound per acre. Check

into costs and consider the overall protection Phosdrin gives you and your crop, and you'll see why it pays to use Phosdrin all season.

Phosdrin is available from your local insecticide dealer under many well-known brand names, or as a product of Shell. In liquid or dust.

Shell Chemical Company, Agricultural Chemicals Division, 55 Marietta Street, N.W., Atlanta 3, Georgia.

Always read and carefully follow label directions.

Glades Groups Observe National Girl Scout Week March 7-13

TROOP 133 — Front row — "Map" Battle, Mrs. Warren Battle, Cathy Battle, Marie Snow, Margaret Thompson, Joanne Harris, Patty Stevenson. Back row — Alice Halbrook, Kathryn Smith, Sharon Hayes, Jane Wolf, Margaret Cross, Kathy Morris. Absent when picture was taken — Barbara Dexter, Sue Griffin, Jean Jackson, Pat McDaniel, Gail Sullivan, Deborah Wedgworth, Pam Whitlock, Winkie Williams, Dawn Hill, Karen Parker, Leader Margie Hayes. (These have been Girl Scouts since Second Grade Brownies.) Not present when picture was taken: Dana Wells, Patty Baker, Lucia Molla, Pam Ebbes and co-leader, Mary Frances Cooper.

Girl Scouts Learn Preparedness

Girl Scouting, through its activities, helps girls prepare to take personal and group responsibility, and encourages resourcefulness and the inner security that comes with the knowledge and the known ability to function in an emergency. This ability to cope with the unexpected and the unusual is a strength that Girl Scouting can be expected to give its girls members.

In Alaska after the earthquake a girl wrote: My Girl Scout experience helped me keep calm and useful. Other Girl Scouts caught in the same emergency expressed similar thoughts, using such phrases as "keeping my patience," "keeping myself busy," "getting along with neighbors," "helped me think of others," "ready to help others," "listen to instructions," "confidence in myself," "keep my head," "to be considerate," "not run around panicking," and "adapting to a new type of living."

From first aid courses, Cadette preparation for Challenges, camp, and the Girl Scout meetings, for example, these girls knew how to, and did, purify water; sanitize dishes; make small children happy; cook on camp stoves; in barbeque pits, and on buddy burners; bandage cuts; set up latrines; cut and gather firewood and make fires; use candles safely for light; sleep in sleeping bags; quickly select emergency clothing and supplies for evacuation; do housework cheerfully; put homes back in order; and use transistor radios for news. One girl summed it up: "I was able to help myself as well as my family. I am proud to be a Girl Scout."

In another state, after a flood an American Red Cross registered nurse said that the work of the Girl Scouts was "truly impressive and that they helped to insure the health and safety of many people."

Constitution

(When a girl tries to live this Promise and these Laws, something wonderful happens to her. She becomes a figure of influence for a happier tomorrow.

Preamble

We, the members of Girl Scouts of the United States of America, united by a belief in God and by acceptance of the Girl Scout Promise and Laws,

The Girl Scout Promise

On my honor, I will try: to do my duty to God and my country, to help other people at all times, to obey the Girl Scout Laws.

The Girl Scout Laws

- A Girl Scout's honor is to be trusted.
- A Girl Scout is loyal.
- A Girl Scout's duty is to be useful and to help others.
- A Girl Scout is a friend to all and a sister to every other Girl Scout.
- A Girl Scout is courteous.
- A Girl Scout is a friend to animals.
- A Girl Scout obeys orders.
- A Girl Scout is cheerful.
- A Girl Scout is thrifty.
- A Girl Scout is clean in thought, word, and deed.

TROOP NO. 82 — ST. PHILIP BENIZI HALL: First row, reading from left to right: Debra Rogerson, Teddy Slade, Pat Davidson, Sonia Ortiz, Rosaria Rodriguez, Jose Riva, Adela Parro. SECOND ROW: Ernestina Ramos, Linda Johnson, Margarita Riva, Judy Davidson, Marsha Elyson, Mary Dell Ashley, Letty Azio machi. THIRD ROW: Leader, Mrs. Shirley Lavan, Iralda Alonso, Beverly Hill, Carmen Ramos, Lois Bailey, Margarita Ramos, Assistant Leader, Mrs. Mary Buglione. Not present when picture was taken were scouts Lucy Garcia and Andrea Molla.

JR. GIRL SCOUT TROOP NO. 41: Reading from left to right, first row: Sharon Thiebaud, Beth Bussey, Becky Smith, Michele Fishler, Can dy Wells, Cindy Roth, Marcia Holt and Brenda Harris. SECOND ROW: Melissa Halbrook, Judy Fontain, Peggy Bughman, Mary Tenet, Joyce Lester, Linda Ziglar, Allan Anne Smith and Dory Altman. THIRD ROW: Jean Wolf, Susanna Motes, Heather Harris, Jessie Livingston, Melinda Chancy and Ruth Deese. FOURTH ROW: Mrs. Robert Creech, Nancy Baker, Rachael Creech, Maricela Guadalupe, Lisa Threlkeld, Lynn Holt, Mrs. Roland Holt, Mrs. E. G. Smith.

BROWNIE GIRL SCOUT TROOP NO. 237: Carla Gilliam, Kara Waggoner, Linda Sue Moon, Karen Waggoner, Rhonda Evans, Sally Miner, Debbie Smith. SECOND ROW: Mrs. Miner, Sharon Hart, Pamela Davis, Joanne Cornell, Elaine Fralick, Lorrie Congleton.

BROWNIE TROOP 257 — first row, l-r: Cindy Baker, Marie Holley, Ang a Sherdall, Barbara Payne, Sharlene Nolin, Karen Grestinger. 2nd row, l-r: Donna Acres, Rhonda Davidson, Charlene Williams, Joni Whitlock, Lori Collins, Susan Roth, Gail Murray, Brenda Thigpen, 3rd row, l-r: Pamela Cox, Kay Alston, Rosemary McAllister, Carol Harris, Patty Hill, Joie Davis. (Not in picture Naomi Southard) Mrs. Bobbie Whitlock, left and Mrs. Lou Sprinkle, leaders in back.

TROOP 254 — LEFT TO RIGHT — Rita Schoenfeld, Kathleen Murphy, Diane Brown. SECOND ROW — Gayle Luce, Dayle Luce, Cici Luce. LAST ROW — Jennie Lynn Sawyer, Donna Rashley, Nancy Stratton, Nancy Wolf, Janis Kidder. LEADERS: Mrs. M. J. Luce, Mrs. C. W. Kidder. NOT SHOWN — Janet Ayres, Della Davis, Georgianne Davis, Patricia Murray, Sandy Sprinkle, Mary Tryon, Judy Woolton.

TROOP 261
1ST ROW L TO R: Suzanne Eggleston, Priscilla Clark, Phyllis Giese, Nancy Sprinkle, Cindy Vickery, Melody Peacock, Hillary Cove. 2ND ROW, L TO R: Vicki Wall, Tina Busbin, Janice Dean, Patricia Miller, Karen Carpenter, Cindy Henley, Debbie Lott, Alice Grady. 3RD ROW, L TO R: Mrs. M. Chapman: leader, Debbie Cox, Barbara Davis, Kathy Thomas, Margaret Leavitt, Monica Chapman, Mrs. S. Cove: asst. leader. Not in picture Dora Lee Capron.

BROWNIE GIRL SCOUTS, TROOP NO. 358, with their leader, Barbara Markham, are pictured above. FIRST ROW: reading from left to right: Linda Zawadzki, Beth Smith, Terry Zawadzki, Tina Fraser, Brenda Markham, Shelle Burke, SECOND ROW: Sydney Cassel, Linda Graham, Celia Battle, Janie Fraser, Susan Dykes, Cheryl Tice, Judy Kelly. THIRD ROW: Leona Clarke, Twila Scruggs, Jeanne Clark, Cynthia Powers, Mildred Resendiz, Wilma Leavitt.

SUCESOS DE BELLE GLADE

Toda la comunidad de Belle Glade está hondamente apenada por la tristeza tan grande que está pasando la familia del pequeño Roger Keene de 4 años de edad, que se ahogó el Martes pasado, día 2 de Marzo, en la piscina municipal de la ciudad.

El Jueves los alumnos de Belle Glade High School tuvieron una Exposición de Ciencia en la Cafetería del colegio.

Los muchachos mismos han fabricado motores, cohetes, reactores y muchos otros modelos que ponen en competencia con alumnos de otros colegios para ganarse becas para sus estudios, premio auspiciado por la Ford Foundation para Futuro Científicos de América.

Para evitar accidentes que tantas vidas han costado, se está estudiando por el Comité de Caminos del Estado la forma de prevenir las caídas de vehículos en los canales. Se estudian distintos sistemas, colocar cercas de rúles, sembrar setos de plantas, hacer contenes con los desechos del canal e inclusive rediseñar y reconstruir los actuales caminos.

El Consejo Legislativo de Seguridad se reunió en Tallahassee y tiene el asunto en consideración. Se estima que las áreas que requieren atención inmediata son las de Palm Beach County, Broward County y Dade County.

Mucho éxito a la Sra. Perla Dominguez en su nuevo puesto de Secretaria del Jefe de la Policía de Belle Glade. La Sra. Dominguez es esposa de Oscar Dominguez, quinto del Glade Sugar House.

Chichi del Monte

Desde Coral Gable nos llega la grata noticia de la designación del Ingeniero Chichi del Monte como Administrador general del Central "Covey" en Puerto Rico. El Ingeniero del Monte es muy querido entre la colonia latina de Pahokee y Belle Glade, por haber residido aquí con su familia, la distinguida Sra. Gloria del Monte, y sus bellas hijas Cary y Gloria, y sus padres Carlos y Edelmira Gonzalez.

Muchos éxitos deseamos al Ing. del Monte por sus Bortiporinas.

El día 6 Marzo celebró un party por sus cumpleaños Diana Mecery, hija de Yolanda y Jose Mecery, que cumplió 14 años. Reunión muy alegre y animada, en que todos pasaron muy buen rato. Entre sus amistades que fueron, recordamos: Lourdes Camman, Sara y Lety Gonzalez, Maria Larrondo, Norma Arias, Felicia Ojeda Gloria Telarrosa, Olga Picardot, Estrella Alvarez, Mayra Alvarez, Jose Perez, Angelita Munoz, Alicia Lore de Mola, Ritami y Lillian Tomeu, Joanne Harris y Sherry Smith.

Y entre los muchachos, Julio Perez, Ruben Ledesma, Rafael Zubizarreta, Jorge Rodriguez, Armando Telarrosa, Tony Rodriguez, Alberto Latorre, Jorge Campa, Ernesto Sanchez, Enrique Tomeu, Jorge Blanco, Philip Webb, Enrique Molina, Arturo Juan, Jorge Munoz y Pancho Argina. También su hermano Adolfo Mecery.

En este mes los días 11 y 12 de Marzo cumplieron años Carlos Rivas y sus hijos, y Miguel Rivas, hijo de Maggie y Carlos Rivas, que llevan varios años residiendo aquí en Belle Glade y se les estima mucho.

El día 12 de Marzo es el cumpleaños de Mariana Garcia, diligente esposa del Sr. Mario

En este principio de año en banas. Y con placer publicamos sus fotos de novia:

de dos bellas muchachas Cu-

Susi Pantin de Freyre Graciela Rodriguez Kohly de Madrid

El Sábado 27 de Febrero tuvo lugar en St. Hugh Catholic Church de Miami, la boda de Diane Carol Phillips, hija de Mr. and Mrs. Thomas Lamar Phillips, con Xavier de Amezola, hijo de la Sra. y el Dr. Joseph de Amezola, de Coral Gables. La novia lució un bello traje

Garcia, quien trabaja en Okeelanta. Ella se destaca por su gran habilidad en la costura y son muy queridos en todo Belle Glade.

Para el Sábado 13 en la Iglesia St. Philip Benizi, a las 5 de la tarde esta señalada la boda de Yamile Tubau, hija de Francisco Tubau y Emerita Campos, con el Sr. Michel Alba, hijo del Dr. Arturo Alba y Lydia Jendron, de Pahokee.

La señorita Rebeca Miranda, hija de Minia Rodolfo Miranda, cumple 16 años, y con este motivo reunirá el Sábado 13 en su casa a un grupo de amistades para celebrarlo. Felicidades, Rebeca.

COMPROMISO DE AMOR: El 14 de Febrero, día de los Enamorados, el Sr. Miguel Moya de Belle Glade, pidió en matrimonio la mano de la encantadora señorita Yolanda Portilla, de Miami. Muchas felicidades.

Para conmemorar St. Patrick's Day que es el 17 de Marzo, todos los años se ofrece un "Steak" dinner, patrocinado por el Holy Name Society de St. Philip Benizi Parish. Este año

Notas De La Television Y Del Cine

JACK PAAR. figura popular de la television, se listaron las rodillas en un accidente de ski hace varias semanas, y le han ordenado descanse en su hogar de Bronxville, New York, durante dos semanas.

JOAN CRAWFORD: recibió el premio de La Mujer del Año por sus servicios como directora del USO (United Service Organization) desde 1941, y sus esfuerzos sin descanse en ayuda a los soldados de América.

GUY LOMBARD: famoso por su lumbardo en conjunto con los Royal Canadian, dice su orquesta en el Starlight Roof de Miami.

ROBERT RYAN: el actor de cine, con barba y sombrero de copa, actúa el rol de Abraham Lincoln, en Washington, en la Arena State y Catholic University. Y participaran otros 30 actores. En una plataforma con las esculturas del Capitolio, Ryan repetirá el famoso juramento: "Mamae Du Quero..."

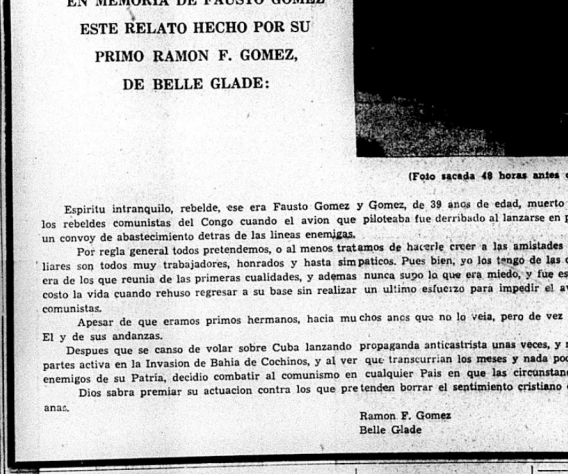

Celebracion Del Aniversario 426 De La Llegada A La Florida Del Conquistador Hernando De Soto Tendrá Lugar Marzo 14-21

En Brandenton, Palmetto, y la Isla Anna Maria, habrá una especie de programa cultural, habiendo una representación y parada de la llegada de los conquistadores, que se presentarán

En el mes de Diciembre pasado, murió peleando en el Congo el aviador Cubano Fausto Gomez, cuya madre reside en Miami, y tiene sus parientes aquí en Belle Glade. Con el aviador Cubano Fausto Gomez, que madre reside en Miami, y tiene sus parientes aquí en Belle Glade. Con el aviador Cubano Fausto Gomez, que madre reside en Miami, y tiene sus parientes aquí en Belle Glade.

En este principio de año en banas. Y con placer publicamos sus fotos de novia:

Fausto Gomez

En Jersey City han inaugurado una clínica para latinos en TV e intercomunicadores. Este gran éxito de la clínica para latinos en Jersey City, debe en parte al Dr. Juan A. Mendoza. Los miles de cubanos de Jersey City han recibido con agrado la apertura de la clínica

Birthday Party

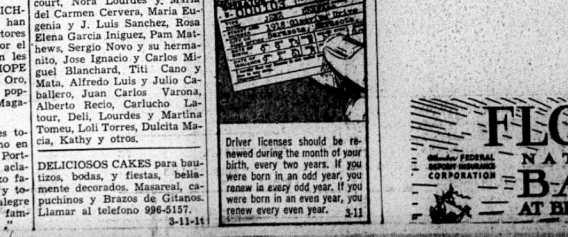

Con gusto publicamos esta foto de la linda Marica Escobar, que cumplió 4 años el 6 de Marzo, hija de Maria y Rodolfo Escobar. Ella tuvo una linda vez y su fina personalidad. Su primo Eddie Fuentes le mandó un coraje de flores por su cumpleaños.

Sus abuelos Maria y Bilo Fuentes, le hicieron una pinata rosada muy bella con monedas vestidas de antiguo. La mesa vestía un mantel de encaje muy trabajado de su abuela, y un buffet exquisito de pastiches, cakes y dulces finos.

De aquí de Belle Glade asistieron: su hermanito Rudy Escobar, Ma. de los Angeles, Ma. del Carmen y Gloria Betancourt, Nora Lourdes y Maria del Carmen Cervera, Maria Eugenia y J. Luis Sanchez, Rosa Elena Garcia Iniguez, Pam Matthews, Sergio Novo y su hermano Jose Ignacio y Carlos Miguel Blanchard, Titi Cano y Mata, Alfredo Luis y Julio Calaballo, Juan Carlos Varona, Alberto Recio, Carluchio Latorre, Lolí Torres, Dulcinea Macis, Kathy y otros.

DELICIOSOS CAKES para bautizos, bodas, y fiestas, bellamente decorados. Masareal, caramelos y Brazos de Gitano. Llamar al telefono 996-6157.

One Florida Turkey

Two Louisiana Deer

One hundred whitetail deer from Louisiana will be finding new homes in Florida later this month, according to a report issued by the Florida Game and Fresh Water Fish Commission. The deer are part of an exchange of wildlife between the two states. Florida traded fifty wild turkeys for the hundred deer which will be released in various wildlife management areas throughout the state.

The Florida Game Commission trapped the wild turkeys in areas not open for public hunting and traded on the basis of one turkey for two deer. The turkeys were flown to Louisiana by Commission aircraft while the deer will be transported to Florida by truck and released on the public hunting areas.

JUST THINKING

those who think the most interesting thoughts. Those who decide to use leisure as a means of mental development, who love good music, good books, good pictures, good company, good conversation — what are they? They are the happiest people in the world; and they are not only happy in themselves, they are the cause of happiness in others." (W. L. Phelps)

Recorded turkey calls may sound exactly like a turkey but regulations prohibit their use. Only manually or mouth operated calls may be legally used in Florida.

SOUTH BAY AREA NEWS

PHONE REV. JAMES A. FENTON

Mrs. S. V. Sentrack of Hutchinson, Kansas a sister of Mr. Bill Jeffries is spending about ten days with Mr. and Mrs. Jeffries.

Mrs. A. B. Barnes spent the weekend in Gainesville and visited with Mr. and Mrs. Lloyd Hundly.

Miss Judy Ann Sullivan spent the weekend in Clewiston visiting with her grandmother Mrs. John G. Sullivan.

Mr. and Mrs. Rayford Hall

traveled to Stuart and Ft. Pierce on Friday on business.

Mr. and Mrs. H. M. Prevatt and children Elaine, Jimmy and Carl attended the 92nd Birthday dinner of Mr. J. R. Tucker in Bartow on Sunday. Others who attended from the Glades were Mr. and Mrs. John Prevatt and daughter, Donna Jean.

Rev. James A. Fenton traveled to Miami on Friday to be a Judge in the Florida Baptist Convention State Music Festival held at the Northwest Baptist Church.

Mr. and Mrs. E. M. Willits and daughter Joan and grand daughter, Robin Lee, went

camping near Salerno over the weekend. Enroute they visited Mr. and Mrs. John Willis and son in Ft. Pierce.

Mr. and Mrs. W. M. Jeffries and Mrs. S. V. Sentrack traveled to Miami and visited with Mr. and Mrs. Don Zito and daughters.

Mr. and Mrs. Ray Sullivan and children Ray, Marion and Gail, were dinner guests on Sunday of Mr. and Mrs. Clayton Waters.

Mrs. R. A. Hall and Mrs. Marsha Hall traveled to Clewiston on Sunday afternoon and visited with Mrs. Jimmy Edens and Mrs. Will Norton.

Mr. and Mrs. Billy Jeffries of Palm Beach Gardens were guests of Mr. and Mrs. W. M. Jeffries on Sunday evening.

Mr. and Mrs. Eugene Ross of Indianapolis, Indiana are spending a few days with friends in South Bay.

Mr. W. C. Allen motored to Ft. Pierce where he visited with his daughter and family Mr. and Mrs. Floyd Abstein.

Mrs. Mae Bloodworth of Wauchula has spent the past three days with Mr. and Mrs. Edwin Leathlean and family in South Bay.

Glades Canal Road Hazards

Approaching from the West on this sharp, right hand turn on Road 527 appears this lone danger signal. Canals border this turn on three sides and the unguarded bridge offers another trap. State 527 is referred to as "Shore cut" road to Miami and has a lot of traffic.

This sign appears at the canal bank to warn motorists approaching from the west of a sharp turn on road 527. The canal is just behind. The left arrow points to Belle Glade about 5 miles north and the arrow pointing to the right goes over an adjacent bridge to a farm field.

Girl Scout Leaders Training Courses Conclude March 24

Custard Apple Neighborhood Association has had two training courses in the past two weeks. The first course, given on Feb. 24 was on "Song and Dance." The instructor for this course was Mrs. Ruth Keiser and Mrs. Margie Wolverson of West Palm Beach.

The following leaders attended: Mrs. Frances Miner, Mrs. Lou Sprinkle, Mrs. Ernestine Norville, Mrs. Nancy Creech.

The second workshop entitled Arts and Crafts was presented by Mrs. Chrysler. Mrs. Wolverson accompanied her. Taking the course were Mrs. Frances Miner, Mrs. Lou Sprinkle, Mrs. Nancy Creech, Mrs. Margie Bugliione, Mrs. Shirley Lavan, Mrs. Anna Mae Chapman, Mrs. Dee Lee, Mrs. Ethel Johnson and Mrs. Laurie Justice.

This course gave the leaders good ideas on making inexpensive items from everyday house hold items.

The next workshop will be on March 24 at Jameson Hall and will be an out-of-doors training course. It is requested that all interested leaders be sure to assign up and attend.

T. O. P. S. Club To Organize

All ladies who are interested in organizing a T. O. P. S. Club are invited to meet in the home of Mrs. Jack Mathewson, Tuesday, March 16 at 8 p. m. Mrs. Margaret Vandergrift, President of Pahokee T. O. P. S. will present the organizational plan.

"Take Off Pounds Sensibly" promises to be a club of fun, activity and accomplishment!

Mrs. Ed Browning is spearheading the organization of the Belle Glade Club and promises "slim and trim" type refreshments for all.

MAR. 11. 1965 THE HERALD, Belle Glade, Florida

Mrs. John King At Case Rate For Fourteen Years

Mrs. John King, known affectionately by many of her friends as "Mama," has been employed by Case-Rate for fourteen years. The Brownings, owners of Case-Rate with their employees are celebrating the sixteenth year in business, and it is with considerable pride that they speak of Mrs. King and her years of service at Case-Rate. "Mrs. King is one of those once in a life-time employees who does her job well and always has the store's best interest at heart."

Mrs. King's favorite area in the store is the produce department. With her direction and help Case-Rate maintains one of the best displayed and most attractive vegetable and pro-

New Paint & Body Shop Opens Here

Neil Canvane brings a new service to Belle Glade with the opening this week of a Paint & Body Shop, geared particularly to servicing high bed trucks and trailers.

The building located at 215 North Main, is designed with high doors and ceilings and will accommodate large, tall vehicles, Canvane said. "Belle Glade has needed a shop for this type of work," he added.

An experienced body man, Canvane has worked with Belle Glade and Clewiston auto dealers for several years in paint and body repair service.

duce departments in the Glades. Mrs. King lives in Belle Glade with her husband John King, Gary, son of Mr. and Mrs. Leonard Fuller is a favorite of her grandchildren. Mrs. King has two daughters, Mrs. Leonard Fuller of Belle Glade and Mrs. J. E. Sikes of Cargo, Missouri.

Mrs. Allen's Uncle Died In Lakeland

Mr. and Mrs. Robert J. Allen, Jr., received word Monday of the death Monday morning of Allen's uncle, Mr. William Gregory in Amherst, Massachusetts. Mr. Gregory was visiting his sister, Mrs. Charles Mallory in Amherst. Mrs. Gregory who was 66 had died suddenly following a heart attack on February 21 and Mr. Gregory had accompanied her body north for burial at that time. Last week he became ill with bronchial pneumonia and died on Monday morning. He was nearly 79. Mr. and Mrs. Gregory had been frequent visitors of the Allens, especially for holidays. Their home was in Lakeland.

Rittles Will Move To Ft. Lauderdale

Mr. and Mrs. Richard W. Rittle who moved to our community over five years ago, will leave Belle Glade this Sunday to return to their home in Fort Lauderdale.

Mr. Rittle came to the area as agent for Quaker City Insurance Company, which last year was purchased by United, and at his request was given a transfer with a United Agency in his former home area.

Celery Trials Upgrade Profits

Dr. V. E. Greene, Associate Agronomist Everglades Experiment Station, observes celery field trials at Duda Farms Monday with George S. Smith of Mangelsdorf Seed Co., St. Louis, Mo., and Fred Peoy of Improved Seeds, Mexico City.

Emil Wolf, Associate Horticulturist at the Experiment Station, explains the commercial celery trials to Nelson Nelms, of Wedgworth's Farms and James Chamblée of Chamblée Farms. Celery trials were observed at A. Duda farms Monday by some twenty five interested firms. George Talbot stands at the far left in the celery field.

Milt Thomas, Billy Rogers and Haley Vickery, packing house owners and growers of South Bay, observe celery field trial experiments as explained by Emil Wolf, Associate Horticulturist, Everglades Experiment Station. Rogers is a member of the Celery Improvement Committee.

Uncle ... Stay Out Of Our Peanut Butter!

Even the lowly peanut is given recognition with a National Week in America ... and this week, March 7-13, is it.

We felt it appropriate to reprint an editorial from the Times-Union recently under a heading "Peanut Butter Lovers Should Have A Choice," in which the winter touches on the subject of more federal interference.

Now Dear Uncle, through the Food and Drug Administration, is fixing to make a ruling that will limit the varieties of peanut butter! Evidently our tax dollars have been used to conduct a poll and FEDEA is planning to make it illegal to produce any kind of peanut butter that does not fit what they consider to be the best tasting.

"As an old peanut butter addict I take this as a personal issue. If this isn't an unreasonable situation we have never heard of one. We have been an addict of peanut butter for lot these many. We can go further and state that we developed a past of peanut butter and sardines that has drawn much favorable comment. Okay, at least two other people like it.

We once worked in a sandwich shop where the slogan, in large letters behind the counter, was "Degustibus non disputandum est." With apologies to all students of Latin we recall that it is translated "Taste is not disputable." Who are

Here and There—

Miss Kathleen Rogers attended a Dean and Assistant Principals meeting at Boyan Beach Junior High this week.

Sam Crisman returned Monday from East Bend, North Carolina, after a three day visit with his father R. B. Crisman who had been confined to the hospital following a cerebral accident. Mr. Crisman reports his father is showing improvement.

these Food people to be telling us what kind of peanut butter we like?

If we can produce a peanut butter amalgam that meets the fancy of enough people to make it profitable, why does the FEDEA have to worry about it as long as it is pure and fails to produce any ill effects on the consumer?

At the risk of developing another ulcer, and also developing into a "Terrible Tempered Mister Bang," we want to again protest the government pushing its nose into our affairs. We think the peanut butter people are doing a fine job as it is and we have tried every brand we could get hold of.

Will someone please call off the peanut butter hounds?

BIRTHS

March 2 — Mr. and Mrs. Barney J. Bozeman, Jr. (Bobette Crews) Baton Rouge, La., announce the birth of a baby daughter, Brandi Kay, weight 7 lbs., 7 oz. B. G. Elementary Schools Report:-

(Sterling Winchester and Ray Miner)

Mrs. Davis' room had an election for class officers. They elected a president, vice-president, secretary and treasurer. The people who were elected were: Teddy Slade, president; Lynn Brown, vice-president; Barbara Davis, secretary; and Chester Powell, treasurer.

March 9, 3:30, a student concert was held in the Palm Beach High School Auditorium for fifth grades through high school.

Mrs. Davis' room has fourth and fifth grade students on explorers such as Ponce de Leon, Panfilo de Norwey, Nansen and Cabezo and others.

4TH GRADE

Mrs. B. Davidson's room elected class officers. Larry Jones, president; Becky Smith, Vice-President; and Dennis Broomer, Secretary. It was voted by the class to form a science club to organize a unit on the Solar system.

Of interest to parents is this concept of modern math. Mrs. Spooner's class is studying modern math. We have learned about the different properties of addition, subtraction, multiplication and division.

We have learned that sets are a collection of objects. These objects are called elements. The elements of a set could be almost anything. A set with nothing in it is an empty set. Did you know that 4 is not a number. It is a numeral. A number is an idea and a numeral is a symbol to express an idea. If you are thinking of the number twelve, write the symbol twelve on the board: 6 plus 6 equals 12 plus 6. The equal sign shows that two names have been used to name the same number. Addition is commutative and associative. Subtraction is either.

In Mrs. Spooner's room, we are writing some things about St. Augustine in our Florida books. A long time ago a man from Spain sailed across the Atlantic Ocean. His name was Pedro Menendez. He sailed until he came to a harbor in Florida. On August 28, 1565, Pedro Menendez landed and called the place St. Augustine. He claimed it for the King of Spain, and then he began a colony. St. Augustine grew slowly but it did remain to become the oldest city in the United States. St. Augustine is 400 years old this year. We have enjoyed our study of the oldest city in the United States and we wish her a Happy Birthday.

Bubba Williams

Mrs. Mincey's Second Grade

Mary Nell Marquess, reporter. Timmy Prescott is in charge of our aquarium. George Humphries brought us a turtle. We are going to put it in our terrarium. We have a garden of rocks that Ken Schaefer brought in. We made the rocks grow by using sodium.

Susie Roth brought us some pictures of presidents. We have learned a lot about air. We know that fog is a cloud near the ground. We made a balloon that was filled with air lift a book. We made it rain in our room. We know that metal gets bigger when it is heated. We did many experiments. Now we are learning that bears, snakes, frogs, worms, squirrels, and snails hibernate. We try to find out what we do not know. We make up our own stories.

2ND GRADE, Mrs. Burkett's Room

The boys and girls have been having a spelling bee game. They have had this year, plus some new ones, an exciting time, and after three days, the girls were declared winners. We also have been reading about Washington and how we have things to help us remember.

MRS. STEVENS' ROOM

The girls and boys finished their study of trees. Many beautiful trees were painted by the children. They learned what original stories about their favorite animals. Some very interesting stories were written. Pictures were drawn, illustrating the stories.

Once there was a little girl and a little boy. They lived on a farm. The little girl had five pets. She had a horse, three chicks and a baby lamb. The little boy had pets too. He had a duck and a rooster that wakes him up in the morning.

Once there was a farmer turkey. The farmer wanted to eat him for Thanksgiving. So the turkey had been working hard to get his hiding place done.

so when Thanksgiving day came he could hide. Elice Gremer

SCIENCE

Gravity holds everybody in place on the earth. When you try to jump away, the earth pulls you right back. The pull of earth is called gravity. In hundreds of different ways, you use gravity all the time, and it never fails you. You even feel that you are standing the right way, even with your eyes shut. No matter where you go, "down" is toward the earth, and "up" is away from the earth. The earth's gravity pulls everything all the time.

Dawn Fogelman

SCIENCE, Mrs. Spooner's room.

The earth's gravity pulls everything all the time. It pulls the heavy moon. The moon is a huge heavy ball of rock. On the moon, there are mountains and valleys and wide rocky deserts. There is nothing in the moon, not even a living thing. The earth's gravity pulls the moon. The moon has gravity too, and it pulls the earth, but the moon is much smaller and lighter than the earth, so its gravity is much weaker.

Carmen Feliciano

MRS. DAVIS ROOM.

Debbie Drummond, fourth grade, has moved to Alabama. In Mrs. Davis' P. E. Class, Kenny Ward and Steve Mann won the running broad jump. Steve Mann won the standing broad jump.

A DOG HERO

Once upon a time there was a little shepherd boy named Pedro. Pedro had found a dog named Rocky. Pedro loved Rocky very dearly, but could not give him very much food because his family was very poor. One day, Pedro and Rocky were going to the pastures when Pedro heard his father calling. He ran as fast as he could to see why his father was calling him. When he got there he saw his father talking to a stranger. Pedro's father said, "Pedro, this is the real owner of that boy, Mr. Range. Mr. Range said that if you would want to stay with Rocky you would have to pay \$50.00 and that is the only money we have, so we will have to give Rocky to Mr. Range."

One day when Pedro was watching the herd, he saw a cave. He got in it and suddenly rocks fell down and so he could not get out. Suddenly, he saw something coming into the cave. It was Rocky! He said, "Rocky, get some help."

Rocky would not get help, but just dig and dig. Suddenly he saw Rocky getting out a pot of gold. Then Rocky left the pot of gold and started getting help. Later, Pedro's father got Pedro back to safely. Pedro's family was rich. Now they could keep Rocky. Pedro and his family lived happily ever after.

by Viviane Loret de Mels

THE MOUSE FAMILY'S JOUBRY

Once upon a time there was a mouse whose name was Freddie. He had 10 brothers and nine sisters, and his mother and father. They lived in a school house in England. The name of the school house was the New England School House. The family got food by gathering crumbs on the floor after school.

One day the curdion of the school let the cats come to kill the mice. It meant Freddie and his family had to leave, so they found an old shoe and patched it up. They gathered food for the trip, then they got a ride in a truck to the ocean, and sailed to Florida and lived in West Palm Beach happily ever after.

Mark Orsengo

MRS. BATTLE'S ROOM

Mrs. Battle's room made an experiment in science. They took a pencil, put it in a thread spool. They put a pin on it. After that, they made a magnet. They put a box top with paper clips. This proved a magnet could make wheels turn.

Last week, Mrs. Battle's room boys played kickball. The captain was Danny Gaiden and Mike Rhudy. Danny Gaiden's team won the championship.

MR. TUBBS AND FRISKY, BY OSCAR

Mr. Tubbs used to work at a store. He was very stubborn and the children called him Mr. Stubborn. Mr. Stubbs wasn't mean, but he was stubborn.

ter mammals. At 4 o'clock they went to see Frisky. Frisky was a frisky dolphin and that's why they called him Frisky. They went past Frisky's pool. Frisky jumped and splashed Mr. Stubbs' hat. Mr. Stubbs' yelling names at Frisky. Frisky didn't like those names, so he splashed water on Mr. Stubbs. Mr. Stubbs was soaking wet, but he kept calling names at Frisky and Frisky kept splashing water on Mr. Stubbs. Then Mr. Stubbs said, "Okay, you win, now will you give me my hat?" and do you know, Frisky gave Mr. Stubbs his hat. Well, the hat was soaking wet, but Mr. Stubbs did not care, he just said, "Thank You," and from that day on, Mr. Stubbs wasn't stubborn and Frisky wasn't Frisky. The next day the children called "Mr. Stubbs, you are not Mr. Stubbs any more" and Mr. Stubbs said, "Thank You," and after that, children played with Mr. Agreeable. If you don't know who Mr. Agreeable is, it is Mr. Stubbs.

CLUBS

Extra Clubs You Can Belong To

A Girl Scout troop usually has 10 or more girls in it and troops have three or four patrols which plan hikes, camp out, and other activities. The girls pay ten cents a day to help pay for the activities they have. Girl Scouts at meetings learn how to work with arts and learn to work well with others. Wouldn't you like to be long to this organization? Or perhaps you might like the G.H. Club.

A Girl Scout troop usually has 10 or more girls in it and troops have three or four patrols which plan hikes, camp out, and other activities. The girls pay ten cents a day to help pay for the activities they have. Girl Scouts at meetings learn how to work with arts and learn to work well with others. Wouldn't you like to be long to this organization? Or perhaps you might like the G.H. Club.

JUNIOR LEAGUE

BOWLING NOTES

On Saturday morning, bowlers of the Junior Bowling League bowl three games of bowling for one dollar. Sometimes, there are tournaments. One morning, the manager of the lanes, Mr. Lewis, taught the children how to keep score. The children then took a test to see who understood. It's lots more fun playing when you can keep score. Would you like this type of sport?

FIFTH AND SIXTH GRADES

Miss Boyd's class had art this week. We made pictures out of cardboard and cut out the figures or background, which left corrugated part and colored them. Also this week, we kept a record of the weather February 22-26. The results were: Monday, cloudy and drizzly; Tuesday, sunny; Wednesday, cloudy and hot; Thursday, windy and cool; Friday, windy and cool.

Monday, March 1, 1965, Mr. Willis' room elected officers for a school club. George Williams was elected president.

March 4, 1965, there was a track meet at the Belle Glade Football field behind the Belle Glade High School.

The sixth grade boys ran the 40 yard dash. The two boys of the elementary were Eddie L. Bowell, of Mrs. Reeves' class, and Billy Thibault, of Mr. Mann's class. The two boys ran against South Bay Elementary and Gove Elementary. The boy that won the first place was Billy Thibault, of Belle Glade Elementary.

Monday, March 1, 1965, Mr. Lanier was able to be back teaching school.

6TH GRADE, MR. MANN

We have written letters to the States in the far West and Southwest. We are hoping we will get answers soon. Mike Burkett, Wesley Woodham, and Elsie Prevatt have been drawing editorial cartoons on the class book.

6TH GRADE, Mrs. Reeves Class

March 4, 1965, there was a track meet at the Belle Glade Football field behind the Belle Glade High School. The sixth grade boys ran the 40 yard dash. The two boys of the elementary were Eddie L. Bowell, of Mrs. Reeves' class, and Billy Thibault, of Mr. Mann's class. The two boys ran against South Bay Elementary and Gove Elementary. The boy that won the first place was Billy Thibault, of Belle Glade Elementary.

MRS. REEVES' CLASS

Mrs. Reeves' team won the Spelling-Bee. The last one to stand was Eddie Goff.

MR. MANN'S CLASS

The 40 Yard dash between the Gove Elementary, Belle Glade Elementary and South Bay Elementary was won by Billy Thibault. Billy is from the Belle Glade Elementary. He is in Mr. Mann's room.

In 1926-27 a bookcase was put in the lobby of Riedel's Hotel located on the corner of Palm Beach Road where it joins Main Street by Col. Harbeson who had a farm at Viengar Bend. These were his personal books, and there were adult books put there for public use. The hurricane water of 1928 ruined most of the books. However, the bookcase was set up in the community tent erected by the Red Cross, and it was again filled with books. The tent was set up on the corner where Bailey's Real Estate now stands.

Barney's Real Estate Broker's office. In 1929, the library was moved into City Hall. The City Commissioners gave permission for the library to use a small room off the main room for the Library. The Women's Club was asked to be responsible for circulating the books among the four towns, Belle Glade, Pahokee, Canal Point, and South Bay. Mrs. J. F. Browne was asked to take charge of cataloging. Ladies from the four communities came at times to help Mrs. Browne catalog. Mrs. Barstow from South Bay was one. Mrs. Adrain Daane from the Everglades Experiment Station arrived in 1930 and helped; also, Mrs. Thomas Bregger and others.

The Garden and Women's Clubs decided to build a small civic building in the Park. In the Fall of 1933 the books were moved into the new building. Mrs. Browne was retained as Librarian and remained until she retired in 1948.

In 1948, Mrs. Bettie W. Harris, the present Librarian, was employed by the City as Librarian. In 1958, the City provided \$5000.00 to renovate the building at 100 W. Canal Street where the Library is presently located.

City of Belle Glade, Florida

ANNUAL REPORT - OCT. 1, '63 - OCT. 1, '64

VOLUME I

March 11, 1965

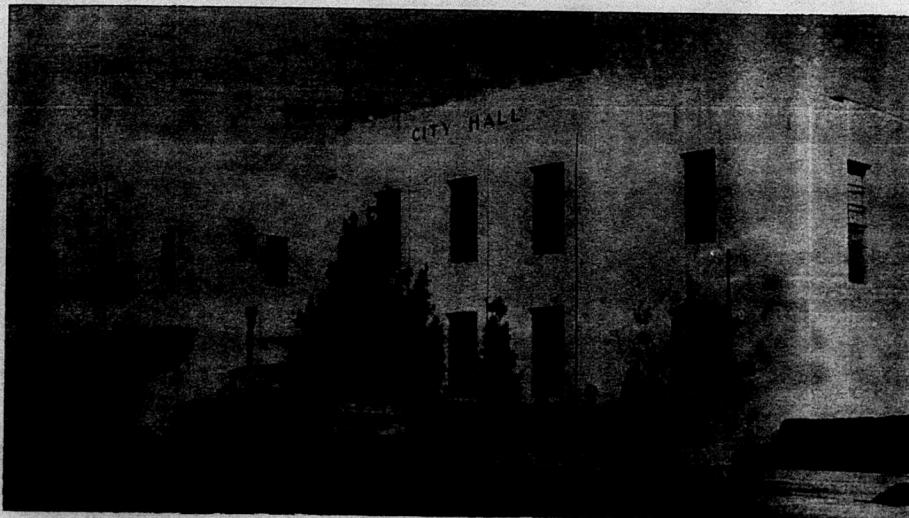

WHY AN ANNUAL REPORT?

The purpose of this annual report is to summarize some of the activities and accomplishments of your city government during the fiscal year of October 1, 1963 to October 1, 1964.

The City Administration feels a responsibility to the citizens of Belle Glade in reporting what status your tax dollar has taken in terms of service performed by the departments which comprise your city organization — representing some 125 employees. The administration also feels that since you are, in fact, a stockholder in our municipal corporation you should be kept abreast of the activities and the financial condition of your corporation.

Since this is the first annual report published by the City of Belle Glade to our knowledge, emphasis has been placed mostly on the services performed by city departments embodying numerous statistics on how many miles of streets are maintained, miles of water and sewer lines laid, etc.

We sincerely hope that you will find this report both informative and interesting in that it is our honest belief that a citizen is not only entitled to know about the affairs of his municipal government but MUST know for good government to exist.

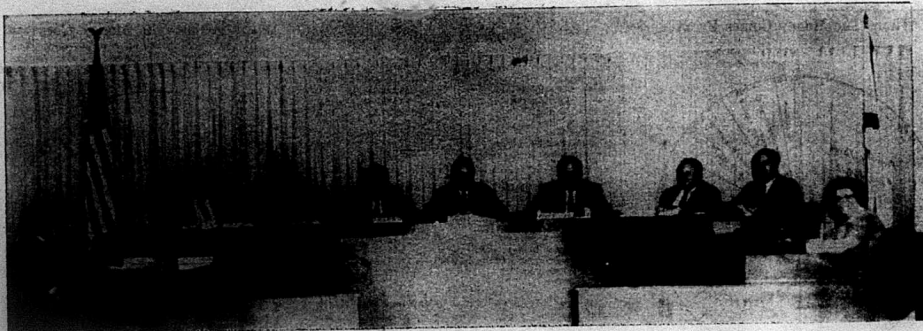

MUNICIPAL FORM OF GOVERNMENT

The citizens of Belle Glade voted a Commission-Manager form of government in 1954 which is one of three forms of local governments; the other two forms are the mayor-council, and the commission forms.

The chief features of the Commission-manager plan are the unification of authority and political responsibility in the elected commission, and centralization of administrative responsibility in an administrator or city manager appointed by the Commission.

It is the duty of the Commission to adopt ordinances, establish policies and serve as the legislative branch of the City Government; the manager operates the City's business under these policies.

City Commission

MAYOR

LeBron Williams - 1962-1966

COMMISSIONER

Palmer January - 1958-1964

CITY ATTORNEY

John E. Baker

City Attorney

The City Attorney is the legal advisor to the City Commission and City Staff. He drafts all ordinances and resolutions, approves all documents as to form and represents the City in all legal proceedings.

The City of Belle Glade

City Manager

VERA C. JONES,
City Clerk
ROBERT E. MATTHEWS, JR.,
Municipal Judge
JOHN E. BAKER,
City Attorney
FRANK C. ANDERSON,
Director of Finance

Your Commission trusts that this first annual report has been well received. We recognize that since we are all individuals, there may be some areas in which we differ as to approach or ultimate goal. The motive behind this public review, or record of achievement, was to let each of you know what has been accomplished, and to acquaint you with services provided by your municipal government.

Although 1964 was a most active year in all departments, most of us feel that the successful bond validation in the amount of \$2,750,000 for sewer and water improvements was the highlight of the year. As you read the full report, however, you will probably find many programs that are appreciated as much but were not as well publicized.

As Mayor, I can appreciate better than anyone else the true cooperative efforts shown by your Commission and by the citizens of Belle Glade during this past year, particularly with respect to their generous contribution of time and talents without complaint. Your Commission feels that City Manager Tevis Hugueuly and his capable staff have worked with true harmony to bring Belle Glade an efficient and effective system of municipal government.

This year will be as progressive or regressive as you who make up our City wish it to be. Your commission desires at all times to adhere strictly to the wishes of the people and have proceeded on this basis. All of the years in the future should be determined by the same formula. You, therefore, are the final word in the type community you desire. A continuation of the cooperative attitude shown by the vast majority of our citizens cannot help but make Belle Glade a City of which we are all extremely proud.

In conclusion please let me thank each of you personally for your support and cooperation during the past year and beg of you your continued cooperation and understanding for those who are trying to do a good job for you.

Respectfully,

CITY OF BELLE GLADE

Geo. L. Williams

Geo. L. Williams, Mayor

VICE-MAYOR

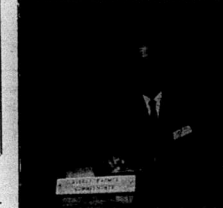

Bill Bailey - 1963-1965

COMMISSIONER

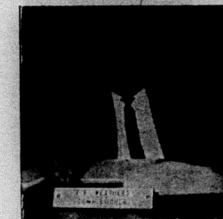

Connie Bowen - 1964-1966

COMMISSIONER

COMMISSIONER

E. F. Weathers - 1963-1965

City's Major Plan For 1965

1. New Fire Station
2. Re-modeling of City Hall
3. Complete New City Garage
4. Bridge across Hillsborough Canal NE to SE Section
5. Complete Sewer and Water Improvement Program.
6. Improved Garbage and Sanitation.
7. Remodel and Rebuild Golf Course.

City Commission

The City Commission, during the Fiscal Year 1963-1964, passed 24 ordinances and 34 resolutions; annexed 28 parcels of land to the City, and re-zoned 37 parcels. The Commission, during this period, installed a City Employees Pension Plan, which had undergone 13 years of deliberation by past commissions.

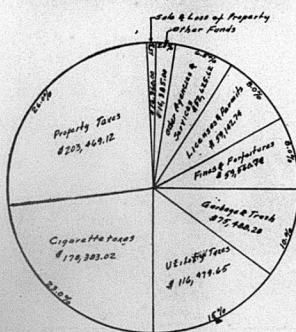

They approved and sold bonds in the amount of \$2,750,000.00 for a

water and sewerage program, which had undergone 5 years of study and deliberation. This program was approved by referendum vote of the people in 1963.

The Commission presently has under study an overall recreation program; a new building code, revisions to the planning and zoning ordinance and other pertinent items for the betterment of the City and in accordance with the desires of the majority.

CITY CLERK

Mrs. Vera Jones

TAX ASSESSOR & COLLECTOR

Mrs. Renee Lee

Taxes are a lien on all taxable property as of January first of each year. During the year 1964 this Department mailed 2,900 Real Property Tax Notices and 464 Personal Property Notices. Taxes are due and payable November 1st with discounts through February, they are not during the month of March. Delinquent taxes are sold the first Monday in August each year. In August of 1964 twenty (20) Tax Certificates were sold for delinquent 1963 taxes.

A building which is substantially complete on January 1st will be assessed on the tax roll for that year. A building which is only partially complete on January 1st may not be assessed until the following year, or it may be assessed for a partial value at the discretion of the assessor.

Every person who is a legal resident of Florida and who owns and resides in his home making it his permanent home to the exclusion of all other places is entitled to a homestead exemption up to an assessed value of \$5,000.00. To be eligible for Homestead Exemption a contract for purchase or for deed to property must be recorded in the County Clerk's Office prior to January 1st. Our Office, working with the County Assessor's Office has a representative taking Homestead applications at the City Hall. There will be an ad in the local paper

City Clerk

The City Clerk's department is comprised of the City Clerk, Mrs. Vera C. Jones, and the Deputy Court Clerk, Mrs. Louise Norwood.

The City Commission meets the 2nd and 4th Monday of each month in regular session and subject to call for special meetings at any time it is deemed necessary by the City Manager and/or Mayor-Commissioner. These meetings are held on the second floor of the City Hall in the Commission-Municipal Court Chamber. This Department indexes and records all Resolutions and Ordinances passed by the Commission. During 1963-64 24 Ordinances and 34 Resolutions were passed.

This Department prepared and processed 2,428 dockets for the Belle Glade Municipal Court, presided over by Municipal Judge Robert E. Mathews, Jr. A report of fines and forfeitures will be found in the financial report. The City of Belle Glade added a City Prosecutor, Attorney Thomas E. Sholts, to the court staff for the first time during the year 1963-64.

This Department compiles payroll datum for the Finance Department; processes all new employees and keeps personnel files; processes all accident reports and other reports pertaining to the 125 City employees.

During a one month period, the latter part of 1963, the voter registration in Belle Glade increased 1,337. At the beginning of the period there were 1,259 registrants — when the books closed there was a total of 2,596 registrants. This increase was due to a "Get Out and Register Campaign" conducted by this office in cooperation with the local Jaycees.

stating the date and time you may make application at a later date.

The City Commission sitting as the Board of Equalization meets the first regular Commission meeting in August each year. The purpose of the Board is to hear complaints regarding forthcoming taxes. You can check your assessment during the month of July and make application, if there is any complaint concerning your taxes that can not be corrected by this Office.

Tax Certificates which are an asset in buying property are available at this Office for \$1.00.

When buying or selling property you are requested to notify this Office to be assured of receiving your tax notice.

During 1963 we mailed 1,098 Occupational License and 49 Alcoholic Beverage License. An Occupational License is required by each and every business, profession and occupation engaged in or carried on, either wholly or in part within the City Limits of the City and every person, firm, association or corporation engaged in or carrying on managing or practicing any business, profession or occupation is required to have a license.

We advise that any door-to-door salesman calling at your home or place of business be asked to show his identification card or license. No matter what they are selling or soliciting. If they do not have the proper identification you should contact this Office or the Police Department.

Each place of business is checked yearly for license and the license should be displayed in a conspicuous place.

Occupational license are due January 1st. A half year license may be purchased after July 1st by anyone starting a new business after that date.

Police Department

Chief Of Police, Chas. D. Goodlett

(Number: left to right, three rows)

UNIFORM PATROL DIVISION: (13) Sgt. Edward Chisholm, Shift Sgt.; (4) Sgt. Jerry Trammell, Shift Sgt.; (6) Sgt. Ronald Snyder, Shift Sgt.; (23) Pat Richard Bakker (rear); (16) Pat. J. D. Brown; (20) Pat. Daniel Blythwood, foot patrolman; (21) Pat. Frank Fogelman; (5) Pat. Darbie Grandberry; (22) Pat. Clyde Lamb; (17) Pat. J. T. McCoy; (9) Pat. Shepard Pitts, foot patrolman; (18) Pat. Bruno Banks, relief; (19) Pat. Marion Spooner, relief.

The Belle Glade, Police Dept. has twenty three (23) full time employees, with the following assignments: (2) Charles D. Goodlett, Chief; (1) D. Bill Mathis, Asst. Chief; (3) Shirley Camplin.

DET. BUREAU: (12) Lt. Art Folden, in Charge; (11) Sgt. Wilber Huggins; (10) Sgt. Leon Warren. **IDENTIFICATION BUREAU:** (7) Sgt. Joe Kardel III, in Charge; (14) I. D. Officer Eddie Edmonds; (17) I. D. Officer Eddie Wagner; (3) Mrs. Shirley Camplin Sec. Clerk; The above dept. also in charge of all Communications.

School patrols are instructed and supervised by patrolmen. Upper left, City Patrolmen Richard Bakker with two of the Belle Glade Elementary patrol members.

Lower left, Officer Maude Vereen is inspecting the work of a Lakeshore Elementary School Patrol member.

The following are also uniform Patrol, but assigned to full time traffic details: Pat. William Love, Parking Meters, Crossing Guard, Maude Vereen, school zone; Game Warden, Toby Shiver is charged with the responsibility of all complaints concerning animals (dogs, cats, cows, horses etc.) within limits of the City, also the Maintenance of all traffic signs and street marking (paint).

The Jail is supervised by Joe Kardel III, with the help of his employees of the I. D. Bureau. The daily average of prisoners was 58.5 for the budget year 1963-64.

The following activities of the department are from Oct. 1, 1963 to Sept. 30, 1964:

- (a) 2,812 persons arrested, with 2,442 convicted.
- (b) 69 B&E's reported, with 55 cleared by arrest.
- (c) 4,986 sets of fingerprints taken; 2,493 sets

CITY JUDGE

Robt. E. Mathews, Jr.

forwarded to F. B. I. Washington; 2,493 taken classified and filed in our files.

(d) There were 282 auto accidents reported, involving 553 vehicles, totaling damages of \$72,879.00 with one (1) fatality.

(e) 33 D. W. I. cases made.

(f) 48 Bolita cases (Lottery).

(g) 74 whiskey and wine (Bootleg) cases.

(h) 17 prostitution cases made.

(i) 59 gambling cases.

(j) There were 57 arrested for escape from city custody.

The Department has rolling equipment as follows:

4 police cars; 1 motorcycle; 1 pick-up truck. The Police Department Supervises the Belle Glade Marina and the labor-loading lot.

Fire Dept.

CECIL BAIR,
Fire Department Chief

REGULAR FIREMAN — L-R Chief Cecil Bair, C. W. (Boso) Greer, George Bearden, Raymond Trammell, Ethan A. Camper, Leon Webster, Wayne Bair, and Floyd J. Smith.

As of the first of this fiscal year the department had four pieces of fire-fighting equipment consisting of one 750 gallon per minute pumper and three 500 gallon per minute pumpers, one station wagon and one Jeep. Age of equipment ran from a 1936 custom built Pirsch fire engine to a 1960 Chevrolet station wagon. A combined total of 4800 feet of 2½" hose and 1150 feet 1½" hose is carried on the various trucks. At the close of the year equipment remained the same as of the start with no new additions.

The personnel of the department consists of eight full-time paid Firemen and eleven active Volunteers. As of Sept. 30, 1964 it was the same except for the loss of two Volunteer Firemen.

During the fiscal year the department responded to 181 alarms of all types which are broken down as follows:

FIRES	
Buildings	44
Brush, grass or muck	60
Vehicles or equipment outdoors	24
All other fires	16
Total fires	144
CALLS OTHER THAN FIRES:	
Rescue or Emergency	17
Smoke scares	6
False alarms	3
Total	26
RUNS MADE OUTSIDE CITY:	
Runs made under Mutual Aid	3
Other than Mutual Aid	8
Total	11

Fire losses for the fiscal year were as follows:	
Known insured losses on buildings	\$21,000.00
Known insured losses on contents	8,500.00
Estimated losses on buildings	72,270.00
Estimated losses on contents	8,310.00
Other losses (Auto, etc)	1,775.00

TOTAL LOSS \$111,855.00

The fire loss per capita for the fiscal year 1963-64 was \$7.46, figured on a basis of 15,000 population. This high loss per capita is attributed to just two fires, the largest of which was the Florida Pre-cooler fire in December 1963. All of this building was destroyed except the pre-cooler. The loss here was estimated at \$71,820.00.

The second largest fire of the year was Bell's Cafe in March 1964 with a known insured loss of \$23,500.00. This figure includes the building and contents.

STREET SUPERVISOR

C. TOM PENNINGTON

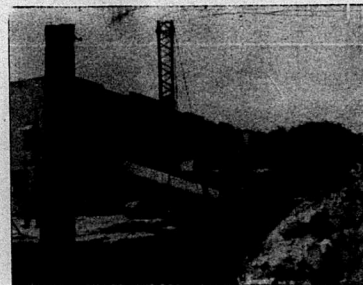

Street Department

The Street Department, under the Supervision of Mr. Tom Pennington, constructed approximately 16,070 feet of streets and paved 18,500 feet, which figure includes some re-paving. The Department constructed 635 feet of sidewalks and 3,000 feet of curb and gutter. Storm drainage constructed during the year consisted of 8,000 feet of reinforced concrete pipe and corrugated metal pipe of many sizes, ranging from 12 inch to 48 inch. There were fifty man-holes and catch basins built. The Department, through its sweeping, removed 1,080 tons of dirt from the streets of down-town Belle Glade.

SE 2nd St. Construction

City work crews completed the installation of drain pipe in an open ditch on SW 8th Street, eliminating filth, open water and health hazard, as well as widening usable street area.

Building Department

 September 1964 — Class Room added to Elementary School.
 June, 1964 — 10 temp. class rooms added to Lakeshore High School.

INSPECTOR

TOM PARHAM

Sanitation and Garbage

One of the most important obligations of any municipal government is the collection and disposal of garbage and trash. The City of Belle Glade is no exception to this, and once again the city's Sanitation Department has endeavored to live up to its motto of "Keep Belle Glade Clean."

There are many aspects to keeping a city clean; not only must the garbage and trash be picked up and disposed of; but the streets must be swept and flushed; leaves and brush must be picked up; dead animals must be removed and disposed of at the city dump.

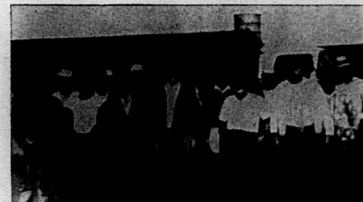

During the past year the forces of the Department collected: (1) 15,600 tons of garbage; (2) 12,000 tons (approx.) trash.

EARLIE JONES

The Belle Glade Sewage Plant opened for official business in mid September 1959. The first days flow treated was 5,000 gallons. The department has grown until our daily flow now generally is 250,000 gallons per day.

The original work force was one man. Today, our work force consist of 3 men and prisoner help.

Many improvements have been made including the plant safety railing, the digester railing, almost a complete sewage lab including a microscope. In the years ahead this plant will continue to grow and reach capacity in about 1980.

James F. Moon (left) Supervisor, Sewage Plant.
Frank L. Barbree, Assistant.

WATER SUPPLY - PLANT AND DISTRIBUTION

A sufficient water supply and an adequate sewerage disposal system are two of the most essential factors in any city's existence, growth and prosperity.

Harvey Mathews, Supervisor Water Plant
(center); Johnny D. Busbee, Assistant, (left); Thos.
E. Durden, Assistant (right).

WATER DEPARTMENT

In addition to maintaining pumping facilities of both raw water and treated water, your water department has:

1. Laid more than 9900' of 6" water mains.
2. Laid 3620' of 4" lines.
3. Laid 2020' of 2" lines.
4. Laid more than 2000' of 1 1/2" & smaller.
5. Installed suitable valves and fittings throughout the lines laid to facilitate uninterrupted service to strategic locations.
6. Installed 13 fire plugs.
7. Repaired 19 fire plugs.
8. Replaced 15 fire plugs.
9. Installed more than 3000' plastic water lines — on an experimental basis.
10. Installed more than 300' of 4" plastic lines as forced sewer main.
11. Relocated mains under railroad and spur.
12. Installed new chlorinator.
13. Supplied temporary service to new school sites.
14. Repaired 282 meters.
15. Repaired 265 leaks in lines.
16. Supplied services to 250 new customers.
17. Effected 331 turn-on's.
18. Effected 674 cut-offs.
19. Repaired equipment at both swimming pools.
20. Supplied permanent service to new schools.
21. Produced 438,000,000 gal. of potable water using:
 - A. 200 tons Chlorine.
 - B. 80 tons Alum. Sulfate
 - C. 620 tons Lime
 - D. 15 tons Carbon
 - E. 4.5 tons Sodium Fluoride

Supervisor Of Water Distribution

ED TRAMMELL

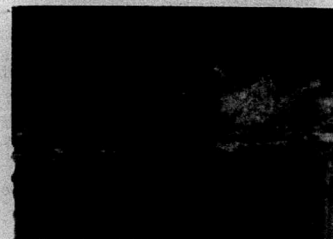

The Garage

W. W. Able, Supervisor, a longtime employee of the City attends, corrects and eliminates, the ill of rolling stock as well as other equipment.

Supervisor Able Stringing Xmas Lights

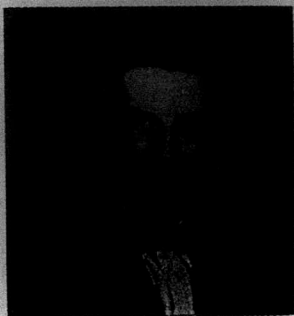

A busted water main brought out all emergency crews and equipment to restore the water supply. Infirmities of age and long usage of facilities that have repeatedly been "modernized" and increased over twenty years were brought to light progressively as a relocation of SOURCE for raw water was being made effective in Lake Okeechobee. Certificated Supervisors of Sewage and Water Plants are training assistants with supplementary technical studies in readiness for themselves to become certificated by the State Board of Health.

Parks - Buildings - Golf - Marina

Parks, Grounds And Building Maintenance

The Parks, Grounds and Buildings Maintenance Department has many responsibilities. It must keep all parks, rights-of-way and lots mowed throughout the City, as well as take care of planting and cultivation of flower beds, shrubbery and trees in the parks and on City buildings grounds. The maintenance of all the City buildings and swimming pools requires a great number of man hours of labor. The janitorial service is a duty and function that must be carried out daily. During the growing season the Department has worked diligently to keep ahead.

Park Supervision, swimming pool management, Community Building operation are some of the other responsibilities of this department.

W. L. CUNNINGHAM, Supervisor

Pro Roy Kimberly teaching Mrs. W. W. Mikell the grip.

WEE CARE, a 100-child capacity Day Nursery operated by the Salvation Army, under a local Board of Directors, which originated, planned, financed and built the utility private funds. Two other nurseries, operating over 16 years, bring the total capacity for agricultural worker's children to more than 200. Inability to pay the modest charge is no deterrent to availability.

Representative Emmett Roberts (1 to r), Pella McClellan, Chamber of Commerce President, and Mayor Williams, enjoying a famous Belle Glade Marina Fish Fry with Bob Kleiser, Chairman of the Broward-Palm Beach County Recreation Committee of the C&SF FCD.

"What could be finer" says the Snowbird visitor, "than to sit under this tree and fish out of the window, or a door on the east, west and south side of the Trailer?"

GOLF COURSE

The nine-hole golf course alongside the Hoover Dike was double-teed to give 18-hole playing; all greens were rehabilitated during the year.

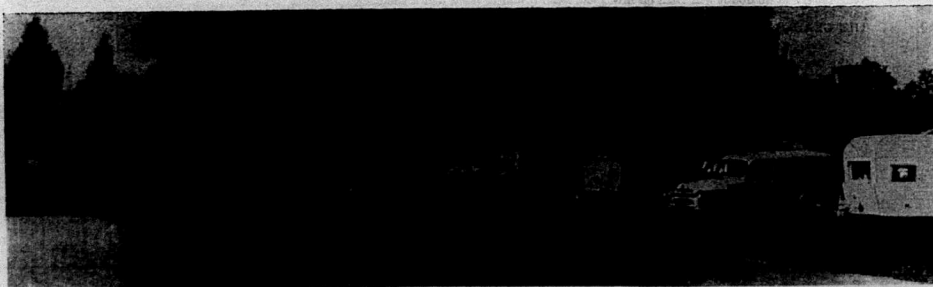

The clubhouse was completely overhauled, re-arranged inside, with modern kitchen and dining room for 135 persons; an auditorium 30 x 40 was redecorated; a lounge and ample Pro section was provided; rest and locker rooms for men and women were re-arranged and refurnished; the entire plant was air-conditioned.

CLUB HOUSE

A 39-acre plot obtained from the II Board, with the Marina and Port Facilities, leaves generous space for campers, as below, with toilet facilities provided.

The port water area affords space for skiing and small boat maneuvering; dockage is provided for freight carriers, and numerous boat-launching ways are available for sportsmen and fishermen.

The City Manager

TEVIS HUGUELY

The City Manager's duties are to see that Commission's policies are carried out in an efficient and economical manner. To enable him to see that this necessary work is carried on, the City Manager serves as the advisor, and coordinator-director to the various department heads.

The duties of the City Manager include, but are not limited to, preparing the annual budget, administering the budget after its passage by City Commission, and enforcing city ordinances. He appoints and removes employees, investigates and acts on complaints, and administers contracts and agreements, keeps the Commission informed of the City's business and financial situation, and attends Commission meetings.

Sec. To City Manager

Mrs. Nellie Nelson

Safety Meetings

Safety meetings are held ONCE A MONTH for the ENTIRE GROUP of City employees. These meetings are conducted by the several department heads (in alphabetical order) presenting whatever phase of safety they desire to program.

The purpose of the meetings is that safety throughout all departments of the City may be improved, which in turn produces more man-work hours per individual; less suffering; less loss of time and a lower rate of Workman's Compensation Insurance.

TO THE CITIZENS OF THE CITY OF BELLE GLADE:

RE: ANNUAL REPORT
Oct. 1, 1963 to Oct. 1, 1964

This is believed to be the first Annual Report of the City of Belle Glade.

This report is submitted as a review of the activities, major accomplishments, and financial operations of the City Government for the fiscal year ending October 1, 1964. It is transmitted herewith for your information and review, as a summary of the highlights of 1964, summarized from the annual reports of the individual departments.

The Annual Report is designed to serve as a positive effort in acquainting you, the citizens of Belle Glade, with all phases of the City Government and with some of the details of these operations.

Many noteworthy accomplishments were achieved during the past year, most of which are reflected within the pages of this report. The City's Departments showed substantial increase in practically all of their operations during the past year while staying within total budget allocations.

The "boom" period which started in 1962-63 has increased through this year 1964, and no doubt will rush on into 1965. I am proud to have had a small part in this growth as the City continues to exemplify its name "BELLE OF THE GLADES."

At this time, it seems particularly appropriate to express appreciation to the Mayor and all members, who served on the City Commission during the year, for their generous assistance and cooperation. Also, grateful recognition is due all members of the administrative staff and all employees for outstanding performance in the public interest, which contributed in so large a measure to the successful operation of the City Government.

Respectfully submitted,

Tevis Huguely
City Manager
